

Farm Bill May Be Final Task For Congress

By EDWIN B. HAAKINSON

WASHINGTON (AP)—The political explosive farm bill, pushed back on the Senate docket again under disputed circumstances, may be the final major business for the adjournment-bound Congress.

Sen. Aiken (R-Vt.) said today he has no intention of trying to get Senate action on the farm measure until "next midweek, probably Wednesday." Aiken, chairman of the Senate Agriculture committee, added in an interview:

"All I want to make certain is that if there is no farm legislation at this session that I'm not going to take the rap for it."

Democrats Deny Blame

Aiken smiled away a blistering statement issued Thursday night by Senate Democratic leader Lyndon B. Johnson of Texas which branded as "simply . . . not true" Aiken's assertion that Democrats forced a delay in Senate action on the farm bill.

Aiken told reporters earlier that the Democratic leadership had served notice on him not to bring up the farm bill until next Tuesday or later. He said this might prevent any farm legislation because of plans to end the session next Saturday.

Late in the day, Johnson fired back with a statement that Aiken had engaged in "distortions and inaccuracies." Johnson said if prospects for a farm bill are "dimming," Johnson said this resulted from deadline of July 31st for congressional adjournment imposed by the Republican leadership.

Old Law Remains

Johnson added that "it is no secret" that Secretary of Agriculture Benson "would be perfectly happy" if a flexible price support program, enacted in 1948-49 but never put into operation, became law through inaction of Congress this session. It will take effect if no new law is enacted.

Aiken's committee, by an 8-7 vote, rejected President Eisenhower's proposal for a flexible price support program and instead urged a one year extension of rigid supports on five basic crops that have operated since World War II.

Aiken is seeking to overturn this decision by his committee and enact a flexible price system similar to one already voted by the House.

Rap At McCarthy To Be Itemized

WASHINGTON (AP)—Sen. Flanders (R-Vt.) has announced he will give the Senate a limited "bill of particulars" in a speech on July 30 or 31 to support his resolution of censure aimed at Sen. McCarthy (R-Wis.).

He told reporters he plans to give the Senate "just a sampling" of his accusations that McCarthy as the subcommittee's chairman has been guilty of unbecoming conduct and he added:

"To give every item in a bill of particulars would take until Christmas."

McCarthy, who has called Flanders "senile," has not commented on the Vermonters' move to have the Senate officially censure him.

William Frye, a publicity man, announced Thursday that 23 prominent citizens sent telegrams to "most Senate members" urging them to support Flanders' censure resolution.

Frye made public the text of the telegrams endorsing the resolution as a move to "curb the flagrant abuse of power by Sen. McCarthy" and to help the Senate "regain the confidence and respect of the American people."

Gov. Williams Irked By Party Hubbub Over Successor To Moody

By JACK I. GREEN

LANSING (AP)—Gov. Williams sought today to hush a rising hubbub in Democratic ranks resulting from the death of Blair Moody, former U. S. senator who was campaigning for his party's senatorial nomination.

To the disappointment of warring factions, Williams refused to discuss the problems which Moody's death created until after Moody's funeral.

Moody's body lay in state in the Detroit City Hall today. He will be buried Saturday.

Want Sticker Candidate

The governor, saddened by the loss of a personal friend, appeared to be getting angry at the undercurrent between those who want to put another candidate on the Aug. 3 primary ballot in Moody's place and those who want an official endorsement of Patrick V. McNamara, Detroit labor leader, who now stands alone on the Democratic senatorial ballot.

At Williams' Thursday afternoon press conference he issued a formal statement which said:

Battle Creek Firm Robbed 20 Times; Owners Unconcerned

BATTLE CREEK (AP)—After another in a long series of burglaries the Battle Creek Iron & Metal Co. was as little disturbed as ever today.

It doesn't mind very much. Most valuables have been removed, anyway. This time—Wednesday night—the burglar got only a box of cigars and two dollars in nickels from the cash drawer.

Herman Ginsburg, one of the owners, said, "We even keep our safe door ajar so they won't batter it or try to blow it open."

The company's office has been broken into at least 20 times in the past year.

Steals 13 Clocks

DETROIT (AP)—A thief went away from Trowbridge School with time on his hands. He stole all 13 electric clocks from the schoolroom walls.

Army Officer Denies Punishing Trainees In 92-Degree Heat

FT. DIX, N.J. (AP)—The defense went ahead today in its effort to clear 1st Lt. Robert S. Morgan of a charge that he permitted his company of Army trainees to be held at attention for an hour in wilting heat.

Nine prosecution witnesses took the stand Thursday at the opening of Morgan's court-martial trial on charges of "dereliction of duty."

One of them was Pvt. William Brooks, 20, of Hempstead, N.Y., who told the eight-member court-martial board he fainted three times during the forced attention period June 21.

Morgan, 28, of Wilkes-Barre, Pa., is accused of having allowed Com-

"This is a period of deep sorrow and spiritual crisis for the Democratic party. It is not a moment for making decisions and statements as to our future course."

"I am cancelling all public engagements for the next few days. Today I will go to Detroit to pay my respects to Blair Moody. And, of course, I will be present at the funeral."

"Meanwhile, there will be no statements from me concerning the party's future course. When we have had time to recover a little from this shock, we can take up those matters."

Not Covered By Law

Williams' aides left the impression that Williams stood as he had been previously represented: opposed to any move to run in a "sticker" replacement for Moody against McNamara.

Politicians also had been speculating that a combination of Moody's admirers and opponents of McNamara might gang up and vote Moody the nomination posthumously.

They had assumed that in such an event the Democratic State Central Committee would then pick a nominee to face U. S. Sen. Homer Ferguson (R-Mich) in November.

But Robert M. Montgomery, state elections director, said after a diligent search of the election code that he could find no authority for such a step. He said the Legislature apparently had not foreseen such an eventuality.

Montgomery said the law permits the central committee to pick another candidate if a candidate dies before the primary and if he dies after the election. But, he said, it does not cover the nomination of a dead man.

Marquette Jet Base Site Is Inspected

MARQUETTE (AP)—An Air Force survey team is investigating K. I. Sawyer Airport near Marquette, the site of a proposed 12 million dollar jet air base link in the nation's air defense network. The airport will be started before June 30, 1955. Some 1,200 officers and men will be stationed at the base.

Police Tracing Trail Of Indiana Hotel Slayer

St. Louis (AP)—The St. Louis County sheriff's office announced a Texan wanted in the "dresser drawer" slaying of a girl at Indianapolis was arrested shortly before noon today.

The sheriff's office said the man, who identified himself as Victor Lively, 32, was picked up by a deputy on U. S. Highway 66 near here.

Description Tallies

He was taken to the sheriff's office in suburban Clayton where Sheriff Arthur C. Mosley questioned him about the slaying of Dorothy Moore, 18.

Police in Indianapolis said they are convinced Lively is the "Jack O'Shea" in whose hotel room at Indianapolis the girl's body was found.

The two deputies who made the arrest said Lively was carrying a loaded .32 caliber automatic pistol inside a money bag which was wrapped in newspapers. He was walking west on the highway.

The deputies recognized him, they said, by descriptions of the yellow sports shirt and blue trousers he was wearing.

No Identity Papers

At the sheriff's office, Lively made no statement immediately. Officers said he wouldn't say whether he had been in Indianapolis.

The two deputies said that when they stopped Lively and asked for his identification papers, he told them he had lost his papers. They placed him under arrest when he told them his name was Victor Lively. He offered no resistance.

The man who gave the name of O'Shea was the last occupant of a room at the Claypool Hotel in Indianapolis where the body of the girl was found jammed in a dresser drawer Sunday. The body was clad in panties, bra and slip.

Legion Gathers In Grand Rapids

GRAND RAPIDS (AP)—Thousands of state legionnaires and their wives assembled today for opening of the annual meeting of the Michigan Department of the American Legion.

Delegates will elect officers Sunday. Three candidates were campaigning for department commander: Donald J. Smith of St. Johns; Kent Lundgren of Menominee; and Clarke Wilbur of Grand Rapids.

Among resolutions scheduled for convention action is one asking that government employees be deprived of pension rights if convicted of felonious or treasonable acts against the United States.

Another resolution proposes a statewide Legion blood bank.

Parades and a band contest are scheduled for Saturday night.

In a prelude to the convention Thursday night, Herbert L. Torbert of Highland Park was elected president of the Michigan 40 and 8, the legion's fun group.

Martial Law Quiets Rowdy Alabama City Near Fort Benning

By AL LANIER

PHENIX CITY, Ala. (AP)—Residents of a city long hardened to violence stood by stunned today as stern-faced National Guardsmen enforced law under an unprecedented order issued by Gov. Gordon Persons.

The armed civilian-soldiers, hurried into the city by truckloads, relieved Phenix City law enforcement officials of their weapons as well as their duties Thursday when qualified martial law was proclaimed.

The governor's action gave this once gaudy, bawdy river town of about 17,000 population the distinction of being the first municipality in Alabama history to have its entire law enforcement duties taken over by the military.

The stormy community of shady night clubs and gambling dens across the Chattahoochee River from Columbus, Ga., and sprawling Ft. Benning erupted five weeks ago when incoming Atty. Gen. A. L. Patterson was slain in an alley below his law office.

Streets Deserted

Gov. Persons said he was invoking martial law to "suppress the state of lawlessness, intimidation, tumult and fear which reigns" in Russell County. He added that Phenix City officers have either been "unable or unwilling" to control tangled affairs here.

City and county law officers as

well as private citizens were ordered to turn in all firearms and other weapons.

The usually teeming streets were almost deserted. Thursday night in this playground of Ft. Benning, the world's largest infantry training center.

State authorities said more than 100 National Guardsmen and about 25 state patrolmen are enforcing the governor's edict.

Courts Shaken Up

Gov. Persons said he hoped the action would hold down fear of reprisals by witnesses called before an emergency grand jury impaneled Wednesday to investigate the Patterson slaying.

Russell County's judicial setup has already been revised. Circuit Solicitor Arch Ferrell has been relieved of all official duties and Circuit Judge J. B. Hicks was replaced for the grand jury probe with Circuit Judge Walter B. Jones of Montgomery, president of the Alabama Bar Assn.

The governor promised to keep martial law in the strife-torn town indefinitely—if necessary, even for the rest of his administration, which ends next January.

Court Puts Ban On TV Cameras

LANSING (AP)—The Michigan Supreme Court has virtually banned television cameras from all court rooms. At the same time, the State Bar of Michigan is considering a proposal for a newspaper code covering the reporting of investigations, arrests and trials.

The Supreme Court disclosed today that it had adopted a new canon of judicial ethics at the request of the State Bar.

The new canon advises lower courts not to permit televising of court proceedings. Those bans territorialization ceremonies.

The new code is an amendment of a former canon which forbade the taking of photographs during court sessions or during court recesses and radio broadcasting of court proceedings. Those bans were continued.

The Journal of the State Bar said its board of commissioners would meet in Detroit July 30 to consider a resolution aimed at a new canon covering newspaper handling of trials and arrests.

The resolution asserts that "the presumption of innocence and other rights of an accused, though deeply rooted in the American traditions of individual liberty, are gradually being undermined in the minds and attitudes of the American people by certain policies and practices of many newspapers and other media of communication."

West Germany Has Scandal; FBI Chief Abducted By Reds

By TOM REEDY

BERLIN (AP)—The U. S. High Commission said today inquiry shows that Dr. Otto John, chief of West Germany's anti-subversive forces, has been "trapped" or "forced" in the East and now is being held in the Soviet sector of Berlin.

Many West German newspapers expressed belief, however, that John—the director of the federal office for protection of the constitution—had defected to the Communists.

Had 'Thousand Secrets'

Britain rushed two top counter-

Living Costs Go Up Again; Close To October Peak

WASHINGTON (AP)—The government reported today that rising grocery prices forced the cost of living up one-tenth of 1 per cent in June.

The increase was small but it was the second rise in as many months and edged the index kept by the Bureau of Labor Statistics close to the peak set last October.

BLS announced the June index was 115.1—meaning the cost of living was 115.1 per cent of the 1947-49 average.

The record set last October was 115.4. The June level is one-half of 1 per cent higher than a year ago and 13.1 per cent above the June 1950 start of the Korean War.

Food prices rose four-tenths of 1 per cent in June, mainly because of higher prices for fresh fruits, some vegetables and coffee. Egg, milk and meat prices remained stable, as did most other consumer items.

Food prices have increased for three straight months, rising a total of 1.5 per cent.

intelligence agents to Berlin to investigate John's disappearance from West Berlin Tuesday night. London sources said the British government had canceled the codes it used to communicate with the West German regime, just in case John had the code books with him.

But the official American statement backed up the theory of Chancellor Konrad Adenauer's government at Bonn. The republic called John's disappearance an evident "abduction."

The British press described the missing official as "the man with a thousand secrets."

Hamburg's widely circulated, independent newspaper Die Welt said:

"The consequences of John's disappearance at the moment are not fully known, but is a defeat for the West. This is the biggest scandal the young West German federal republic has experienced until now."

Note Is No Help

John dropped out of sight in Berlin Tuesday night. West Berlin police said he called a friend, Dr. Wolfgang Wohlgemuth, and the two took a taxi from John's hotel to the Soviet sector.

Wohlgemuth, described as a Communist, left a note saying John did not want to return to the West. The Bonn government, which espoused the theory that John had been kidnapped, said Wohlgemuth had "probably written the letter in order to remove suspicion from himself."

West Berlin police said John had been suffering "serious mental depression."

He knew the secrets of anti-subversive operations in his own territory and also had highly secret information on West German intelligence sources in Russian-occupied East Germany.

British Plane Lost In China Sea With 17 Aboard; 8 Saved

HONG KONG (AP)—A British Skymaster airliner, with 17 persons aboard and one of its four engines afire, ditched in the South China Sea near Communist-held Hainan island today.

A U. S. Navy PBY flying boat quickly rescued eight survivors and recovered one body.

Pegler Loses Appeal In Libel

NEW YORK (AP)—Federal Judge Edward Weinfeld has refused to set aside punitive libel damages of \$175,000 awarded to author Quentin Reynolds against columnist Westbrook Pegler and two Hearst corporations. Pegler appealed, contending the amount is "excessive."

Weinfeld said Thursday the purpose of punitive damages is to "punish and act as a deterrent."

"Unless it is of sufficient substance to 'smart,' the offender in effect purchases a right to libel another for a price which may have little or no effect on him," he said.

Reynolds charged that Pegler libeled him in a 1949 column, damaging his reputation and injured him financially.

A contract clause provides that the Hearst interests pay libel damages assessed against the columnist.

Dutch Mill Wanted

GRAND RAPIDS (AP)—City Manager George W. Welsh has asked the Netherlands government for assistance in transporting a genuine Dutch windmill to a city park on the Grand River. Welsh said he wants the windmill as a scenic attraction in Grand Rapids, a city boasting a large ratio of citizens of Dutch ancestry.

No End In Sight For Debate On Atomic Energy

WASHINGTON (AP)—A GOP move to bar use of Atomic Energy Commission AEC funds for construction of commercial power plants today shot new heat into the marathon Senate debate on the administration's atomic bill.

Sen. Hickenlooper (R-Iowa), floor manager for the bill, proposed the ban even as GOP leaders were trying desperately to force an end to the talkathon which, for all practical purposes, has gone on continuously since 10 a. m. (EDT) Wednesday.

By DONALD SANDERS

WASHINGTON (AP)—A paralyzing marathon debate kept the Eisenhower administration's atomic bill deadlocked in the Senate today, with GOP leaders trying desperately to force a break.

The senators themselves were weary and drawn. One of the shorthand reporters who takes down the debate for the congressional record collapsed at 8 a. m. He was Gregory MacPherson, 55, who had just come on duty after a short rest. MacPherson was taken to a hospital.

Attempt At Sabotage

This is the 10th day of debate, with the Republican leaders bitterly accusing principal Democratic opponents of a filibuster attempt to "sabotage" both the bill and other important items on the administration's legislative program.

(Please Turn To Page 6, Col. 5)

Strike Ties Up Chrysler Plant

DETROIT (AP)—All of Chrysler's Detroit automobile production was at a standstill today in the fifth day of a strike now idling 44,850 workers.

Assembly lines went down completely Thursday with the layoff of 8,850 machinists, motor builders and maintenance employees in mounting idleness from Monday's strike of 10,700 Dodge main plant employees.

Only an approximate 21,000 hourly employees, including defense workers, were still on the job.

All the affected employees are members of the CIO United Auto Workers. The Dodge main strikers walked out in protest of what they called a speed-up. Management denied there was a speed-up.

The only assembly plants left in operation were those in Evansville, Ind., and Los Angeles. These two turn out about 20 per cent of Chrysler's normal production of Chrysler, Dodge, DeSoto and Plymouth cars.

The Dodge main strike lacks the approval of the UAW international union. At the same time the international has taken no action on a demand by the company that the strike be declared unauthorized and a contract violation.

Father Given \$9,300

LONDON (AP)—Arthur E. Harman, 40-year-old father of nine children, told a judge Thursday he had to hire five servants to replace his wife after her death in an automobile crash a year and a half ago. The judge ordered the driver of the other car to pay Harman damages of 3,250 pounds (\$9,300).

Two Boys Hurt In Falls From Moving Vehicles

Two boys were injured recently in falls from moving vehicles on the highway—yet the one who fell from an auto going 60 miles an hour was only slightly hurt, while the boy who fell from a wagon traveling at 5 miles an hour is being treated at St. Francis Hospital.

Joseph Crupi, 11, of Trenary, is in the hospital suffering from severe cuts about the head and a possible concussion.

He fell Wednesday from a wagon being pulled behind a tractor on the highway 3½ miles east of Trenary. Henry McElhinney, operator of the tractor, yesterday told Michigan State Police of the Gladstone detachment that he was driving only about 5 miles an hour.

The boy was rushed to the hospital for treatment, but a report of the accident to State Police was not made until Thursday.

George L. Nash Jr., also 11 years old, son of Mr. and Mrs. George L. Nash of Harrison, Mich., about noon yesterday suffered minor injuries when he fell from his father's car, which was traveling 60 miles an hour.

The boy was riding in the back seat and took hold of the door handle instead of the window crank in attempting to lower the car window. The door flew open and the boy was hurled out of the car onto the pavement.

He suffered bruises and abrasions and skin burns of the back and arms. He was released following treatment by a Gladstone physician.

The accident occurred on US-241 between Gladstone and Rapid River. The door and the side of the car were damaged when the door was jerked violently open by the force of the wind.

Upper Peninsula Briefs

NORWAY—Repairs to the hydro-electric plant have been completed, Paul Flynn, city manager, reported today, and the unit is back in operation. The work was begun late in May following a serious fire and explosion, which resulted in extensive damage to the plant.

NIAGARA, Wis.—One hundred and seventeen subscribers have signed up for the community television antenna system it was announced today by the directors of the Niagara TV Co-op. Preliminary plans have been completed for installation which is expected to get under way in two weeks.

MARQUETTE—City and civic officials here expressed hope that construction of the \$352,950 National Guard Armory here will begin this year. The final step in the appropriation of funds for the Armory was taken Wednesday, when the State Administrative Board released \$75,000 as the state's share of the Armory.

ISHPEMING—A real old-time tug-of-war will be the order of the day when eight of the city's mine teams line up Wednesday, July 28, at 1:30 p. m. for the first round of pulling at the playgrounds, it was disclosed by Guido Bonetti and Ray Englehard, co-chairmen of the Centennial special events division.

Signal Equipment To Be Required On Commercial Vehicles

New regulations regarding signal equipment and use on certain commercial vehicles will go into effect on Friday, August 13, Sgt. Edward Goldworthy, commander of the Gladstone Post, Michigan State Police, advises so that operators of such vehicles on the highway may properly equip their vehicles and if necessary instruct their drivers by the effective date.

The new law amends a section of the former vehicle code.

It reads as follows:

"Any commercial vehicle used on the highway shall be equipped with, and the required signal shall be given by a signal lamp or lamps or mechanical signal device when distance from center of top of steering post to left outside limit of body, cab or load of such commercial vehicles exceeds 24 inches; Or, when distance from center of the top of the steering post to rear limit of the body or load thereof exceeds 14 feet. The latter measurement shall apply to

PENNIES DONATED—Twenty thousand pennies were presented to James Degnan, chairman of the Crippled Children Committee of the Rotary Club, by Gene Beaudoin, proprietor of the Triangle Tavern at Ford River; the pennies were donated on the behalf of that tavern's patrons. Shown at the presentation at Camp Earstad yesterday afternoon are Mr. Degnan and Mr. Beaudoin, and several of the children enjoying Camp Earstad's benefits. These children are Dick Parness, Karen St. Martin, Paul Tibergien and Bonnette Champeau. (Daily Press Photo)

South Koreans Buckle Down To Rebuilding

By MURRAY FROMSON

SEOUL (AP)—The grim reminders of war are still here—bomb gutted streets, ruined buildings and the maimed and orphaned, but there's a new atmosphere in Seoul. And all over South Korea.

Reconstruction may not be going as fast as the government wants it to, but a government's discontent is not always shown by the people.

With some assurance that they won't have to pack up and flee south tomorrow, the Koreans have buckled down to rebuild their homes and shops.

People Happier

In contrast to last July 27, when the fighting stopped, the man in the street appears happier, better fed and better clothed today. Certainly, he's better off than any time since the Communists pushed across the 38th Parallel four years ago.

There are almost no big factories to indicate rapid recovery, though a number are in the works. But there are rows upon rows of small stands from which Korean merchants peddle their wares to the city shopper.

And there are plenty of shoppers. Seoul is bulging with people. Ever since the 8th Army relaxed its restriction on the return of civilians to Seoul, the people have been streaming back by the thousands.

Police estimate Seoul's population now to be about 1,600,000—some 400,000 more than its pre-war population—and going up everyday.

Western Clothes Worn

Men and women have taken to wearing western clothes. All but one of the 203 newly elected national assemblymen, meeting for the first time last month, wore western business suits.

And the attraction for western clothes by the women caused one G. I. to remark that a U. S. mail order catalog is probably Korea's all-time best seller. Many soldiers purchase clothes and yard goods for their Korean girl friends.

Public transportation has increased. Old streetcars contributed by St. Louis and Atlanta are always taxed to capacity.

Industrially, Korean factories are starting to produce, although their output is negligible.

The key question is this: Is South Korea destined to be a permanent economic ward of the United States? There is no ready answer today, but C. Tyler Wood, head of the Foreign Operations Administration here, says a steady growth in the value of Korea's gross national production will end the need for extensive aid.

No Wood Ticks At Wells State Park, Says Supt. Hughes

There are no wood ticks at Wells State Park near Cedar River on the shore of Green Bay south of Escanaba, according to George Hughes, park superintendent.

At least they are no more numerous than in other years in the area, but they will not be found in the park where the grass is cut and the area has been sprayed twice so far this year, he added.

They are found, however, in the lowlands along the river and other "wilderness" spots.

Approximately 50,000 visitors have used Wells State Park facilities so far this year and there have been no complaints of wood ticks, Hughes said.

The park superintendent's comments were made following an announced decision by the Escanaba Elks lodge to hold its 1954 family picnic Sunday, July 25, at Twin Springs Park on the Stonington Peninsula rather than at Wells State Park, because of the prevalence of wood ticks there.

Report Powers Child Stricken With Polio

POWERS—A small son of Raymond Perket of Powers was reported stricken with what is believed to be polio and authorities of Wisconsin joined in trying to locate the father who was enroute to Stockbridge, Wis.

The father left Powers at 6:30 a. m. today in a truck for Stockbridge. The boy was removed to Pinecrest Sanatorium, Powers.

any single vehicle or combination of vehicles."

The new law goes into effect on Friday, August 13, 1954.

**Find Remedy for Major Cause
of Power Loss in Automobiles**

Gasoline additive overcomes harmful effects of deposits. Gives up to 15% more power and up to 2½ times longer spark plug life

A big majority of engines today are failing to give all the power they could—by as much as 15% according to automotive engineers.

They explain that lead and carbon deposits reduce engine performance by holding power captive. In combustion chambers these deposits become red hot and pre-fire fuel—before the piston is in the proper firing position. This condition, called pre-ignition by automotive engineers, sets power working against itself, wastefully.

Twin power robbers

These same deposits also form on spark plugs, and short-circuit them to cause misfiring. These twin power robbers prevent full engine performance, especially when power is needed most—on hills, and when accelerating.

Research scientists of the Shell Oil Company report that the new additive blended into Shell Premium Gasoline and sold under the trademark TCP, releases power hitherto held captive by engine deposits. It does this, they explain, by "fireproofing" deposits in combustion chambers to stop pre-ignition. It also makes the spark plug deposits non-conductive and stops misfiring.

Effects quickly noted

TCP additive acts quickly, Shell engineers state. Automobile engines act as if they had been given a tune-up by the time two tankfuls of Shell Premium Gasoline containing TCP have been consumed, they say. This gasoline is available in this area at Shell Dealer Stations.

Little Rain In Prospect Here

The Upper Peninsula is receiving widely scattered showers and there is some slight rain falling at Houghton—but there is only "a remote chance" that rain will hit the Escanaba area before next Wednesday, according to S. E. Decker of the U. S. Weather Bureau office.

The skies will continue cloudy this afternoon and will have a tendency to clear early this evening. Clear skies and cool weather will prevail over the weekend, Decker said.

The southwestern states received more relief from the heat as the rain continued. This is associated with the cool mass of air moving in from the Pacific coast. The gulf states however, continued warm.

Escanaba continued to be the warmest spot as for the third straight day the mercury rose to 77 for the highest recording in the Upper Peninsula, says S. E. Decker of the Escanaba Weather Bureau.

It cooled off considerable last night, the temperature falling to 54. This wasn't as cool as 48 recorded at Sault Ste. Marie.

At 9:30 this morning the mercury reached 61 degrees downtown and was still rising. An expected high of 70 is forecast for today with temperatures reaching into the middle 70's tomorrow and over the weekend.

Randy K. Ralovetz, Carney, Roderrick G. Bassett, Box 144 Escanaba, Marian Mathews, Stambaugh, disobeys a traffic signal; Francis Gunville, 315 S. 9th St. speeding; Merrill F. Gravelle, 331 N. 12th St. improper left turn.

He Sleeps Like a Top

TUMS Quieted His Acid Stomach

No longer does he lie awake because of excess stomach acid. No longer does he toss and turn with that queasy, restless feeling. He just takes 1 or 2 Tums as a "night-cap" before he goes to bed. Then sleeps like a top—wakes up fresh and "rarin' to go." Always keep Tums handy to counteract gas, heartburn, acid indigestion. Get a roll to have on hand tonight.

Still only 10¢ a Roll

Marquette Trusty May Get Medal For Heroic Act

MARQUETTE—An inmate of the Marquette Prison is being considered for a coveted honor—the Carnegie Medal for Heroism.

He is George Cardinal, 42, an American Indian from L'Anse who is now a trusty at the conservation-corrections camp in the Porcupine Mountains State Park.

Last April 25 he risked his life to save two fishermen from drowning in Lake Superior after their boat had capsized in a heavy storm.

Cardinal was given a parole last May 25, subject to locating a home and finding suitable employment for him. According to Warden Emery E. Jacques, the inmate will be released as soon as he receives a job approval. Cardinal is an auto mechanic by training.

Voters To Decide Escanaba Twp. Fire Protection

The purchase of a fire truck by the Escanaba Township Board will be submitted to an advisory vote of the citizens of the township on a special ballot in the Aug. 3 primary election, it was announced today by Supervisor Henry Hughes.

The advisory ballot is being submitted to the voters in response to a petition.

While the Township Board has authority under state law to purchase the equipment without a vote of the people, the presence of opposition to the purchase resulted in the decision to submit the question to the people, the Board explained.

Statement Issued

Educational material concerning the situation was prepared by the Township Board and submitted for publication to fully acquaint the voters with the situation in advance of the election. Following are excerpts from the statement:

Fire protection would still be available (but not at all times) from the Escanaba and Gladstone fire departments even if a truck is not purchased. If the equipment is needed at the same time in the cities, the cities will not be left unprotected to answer a township call.

If a truck is purchased and a township volunteer fire department organized, all calls will be answered at once to any part of the township. The cooperative assistance of the fire departments in Escanaba and Gladstone will be continued.

The complete cost of the fire truck and equipment will be \$10,800. The truck is fully equipped. No other incidentals will be needed.

Insurance Rates

The West Gladstone bridge of the Escanaba river is "absolutely safe" for the fire apparatus to cross.

Most fire insurance policies carry a clause that the insured will be reimbursed up to \$50 for the expense of fire calls.

Insurance rates will be lowered from 2 to 3 cents per hundred if the fire truck is purchased. There will be "great savings in insurance premiums with fire protection locally."

The fire truck and equipment will be paid for over a period of three years. The down payment is \$1,800 and the balance of \$9,000 will be paid over a period of three years from the township general fund and will not require an increase in taxes. If deemed advisable the full amount could be paid because the township has sufficient money in the general fund.

Will Get Training

Equipment will be housed in the Escanaba Township School garage. Temporarily it will be housed in the Fred Marenger garage, free of any cost.

The volunteer fire department has already been organized. None will receive compensation for his services. Insurance protects the volunteers in event of injury or death. The volunteers will be trained at Lansing and this cost is included in the price of the equipment.

Life of a fire truck and equipment is usually 20 to 25 years. On this basis, the cost of fire protection for Escanaba Township would average about \$432 per year, representing the cost of the equipment over the period.

About 18 million passengers enter New York City elevators in a typical day and are carried about 125,000 miles vertically.

Deer Poacher Held For Manslaughter In Hunting Mishap

MARQUETTE—State Police said Thursday a charge of involuntary manslaughter probably would be brought against a 30-year-old Sands Township man accused in the death of a Marquette man whom he allegedly mistook for a deer.

Held in the Marquette County jail is Eugene Pleaugh. Victim of the shooting was Mark Pond, 44.

Pleaugh and his brother, Arthur, 39, have admitted they were hunting deer illegally Wednesday night when Pond was shot by a 30-30 rifle near a camp off the Suomi hunting road east of K. I. Sawyer Airport in Sands Township.

Pond, a native of St. Ignace, had been working as a lumberjack in this area about six years. According to statements obtained by police from the Pleaugh brothers, Pond was searching for deer with them. Pond was struck in the left eye by the bullets.

Conviction of involuntary manslaughter carries a maximum sentence of 15 years.

Volunteer List Eases Up Draft

LANSING (AP)—The military draft pressure in Michigan is light now and should not become heavy during the next 12 months, Lt. Col. Arthur A. Holmes, state draft director, said Thursday.

Col. Holmes said it appears now that Detroit will be able to meet its August and September draft calls for those two months 85 to 90 per cent with volunteers, he said. "The number of volunteers is picking up drastically," Col. Holmes said. "Many high school boys, knowing they faced the draft, have volunteered but wanted to take their summer vacations first. They will be ready to go in the early fall."

Advice from federal agencies indicates the national draft call will run about 23,000 men a month for the remainder of the fiscal year ending June 30, barring changes in the international situation, Col. Holmes said.

This would mean an average Michigan call of 1,100 men per month.

Briefly Told

Camera Stolen — A black 35mm Eastman Kodak camera was taken from the glove compartment of a car owned by Clarence Johnson, 121 S. 22nd St., police reported. The car was parked in the 1100 block of Ludington St.

No Lifeguard Unit

PENTWATER (AP)—Coast Guard officials Thursday announced a change in the designation of the Pentwater Coast Guard Life Station. Capt. D. H. Dexter, operations chief of the Ninth Coast Guard District, said henceforth the Pentwater station will be known as a "mooning unit" instead of a lifeguard station.

Circuit Court Jurors Named

Names of 36 persons from Delta County who will report to the Court House Aug. 11 at 9 a. m. for circuit court jury duty were selected yesterday by the county clerk, sheriff and the two justices of the peace.

The August term of Circuit Court will open on Aug. 9, but jurors will not be needed until Aug. 11.

Jurors are as follows:

Escanaba — Carrie Nienaber, Mary M. Morris, Ruth Woolford, Francis Breault, Donald B. Rheume, Howard Dufour, Marcella Beauchamp, Margaret Doran, and Clarence E. Moreau.

Gladstone — Doris C. Butch, John Pavlot, Helen Norstrom, Andrew Robare, Anna Sword, John P. Strand, and William E. Girard Jr. Baldwin Township — Frank Gudwer and John Deemer.

Bark River Township — Alfred E. Anderson and Homer Seymour. Brampton Township — George Berg and Lydia Cowell. Bay de Noc Township — Rudolph Leadman and Anthony Purzol. Cornell Township — Gilbert H. Taylor and Jean L. Rose.

Ensign Township — Frances Johnston and Norrie Holmlund. B. J. Mohundro, Fairbanks; Hylmer Sodermark, Ford River; Leona Lavalle, Garden; Anna Kaminen, Nahma; Mildred Polkey, Wells and Escanaba Township, Leslie C. Smith.

Obituary

MRS. HELEN JUSSILA
Funeral services for Mrs. Helen Jussila of Trenay will be held Saturday at 1:30 p. m. at the Trenay Methodist Church with the Rev. Amos Marin of Gwinn officiating. Burial will be in Trenay Cemetery. The body will be taken from the Anderson Funeral Home in Escanaba to the church at noon Saturday.

ANDREW JOHNSON

Funeral services for Andrew Johnson, Bark River, were held Thursday at 2 p. m. at the Boyle Funeral Home chapel, Bark River, with Rev. Philip Lindblom officiating. Burial was made in the Bark River Cemetery.

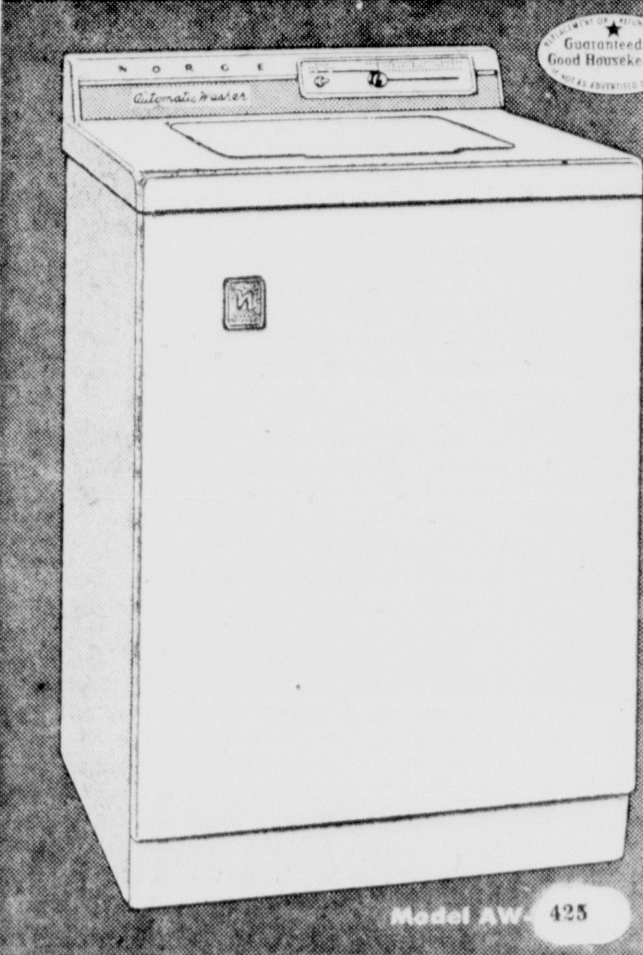

During the services, Emil Myrvald sang "Pass Me Not O Gentle Savior." He was accompanied by Mrs. Philip Lindblom. Pallbearers were Emil Myrvald, August Anderson, Charles Olson, O. E. Larson, Gillard Pearson and Gilbert Pearson.

Out-of-town people attending the services were Mr. and Mrs. Rudolph Johnson and Mrs. Anna Johnson, Foster City; William and Esther Broman, Chicago; Mrs. J. T. Anderson, Duluth, and Richard Nelson, Escanaba.

New Postmaster Has Been Named For Marinette

MARINETTE—Dr. A. L. Peters, Marinette chiropractor for the last 31 years, today was appointed acting postmaster of Marinette. He will take office Saturday, July 24, and will be in acting status until the senate confirms the appointment.

Dr. Peters will succeed W. Fred Coffey, Marinette postmaster for 8½ years before he retired last fall. James L. Thull, a postal employee since 1908, has been acting postmaster since Jan. 4.

Estate Of McLouth, Worth \$5,000,000, Filed For Probate

PONTIAC (AP)—A one-page will disposing of the estimated \$5,000,000 estate of Donald B. McLouth, president of the McLouth Steel Corp., was filed for probate Thursday. McLouth died July 10.

The will provided bequests for McLouth's two brothers, a sister-in-law, four nephews and two nieces. The bulk of the estate was left to his widow.

Under terms of the document, executors are authorized to sell or dispose of any or all of the estate without court approval.

McLouth's will, dated May 29, 1951 provided \$50,000 each in stock for the two brothers, Bruce, of Minneapolis, and L. Newton, of Birmingham, Mich., and the sister-in-law, Mrs. Caroline McLouth of Detroit. Bequests of \$25,000 each in stock went to his nephews and nieces.

Huk Forts Taken

MANILA (AP)—Government troops on Mount Arayat have captured the Communist-led Huk's "Stalin Line," a strong point bristling with pill boxes, sandbags and foxholes, field reports to army headquarters said.

\$30 Million Cost Created By Nation's 'Litterbugs'

T IRED of alphabetical agencies, the American people should welcome just one more—KABI—Keep America Beautiful, Inc.

Here is an organization dedicated to a program very close to the heart of the people of the Upper Peninsula, who benefit materially from the attractiveness of the region. Without the assets of benevolent nature, represented by forests and lakes, hills and rivers, the tourist industry would decline and die.

The KABI has opened an attack on one of the worst pests frequenting the out-of-doors—the Litterbug. Most likely to suffer from careless actions of the Litterbug is the open highway, the roadside picnic table site, and the public park.

Yet even the most remote wilderness area is not safe from the Litterbug. Hunters and fishermen, campers and others, leave cans, bottles, trash of all sorts in the woods or on the shore of lakes or streams as a sign that a Litterbug stopped there.

The war of the KABI against the Litterbug involves national decency and our moral fitness to inhabit this beautiful land. But these are not all. On the basis of money and nothing else this sport of trash-throwing earns a general condemnation.

States, cities, towns and counties spend immense sums to clean up after the Litterbugs. Much of the trash never does get collected for disposal. Moldy paper, rusty cans and broken bottles remain to offend

the eye and create hazard, for those who walk in the Litterbug's path.

Just to pick up along the highways and in the parks and picnic sites outside of the cities costs a total of \$30,000,000 a year.

That is a very high price for taxpayers to meet just to pick up after the Litterbugs among our population. In declaring war on the trash-throwers the KABI is asking for legislation and enforcement that will implement the struggle to Keep America Beautiful.

If there were some way to accomplish it, the best lesson would be taught Littlebugs by making them clean up their own unsightly refuse. Perhaps the answer would be to sentence them to chain gangs and have them work along the roadsides collecting their own contributions and any other accumulated in the meantime.

New Trains Herald Beginning Of New Era

T HE nation's major railroads currently run an annual deficit of around \$700 million on their passenger business. There's really nothing sensationally new about this.

Except in wartime, passenger traffic always has been a problem for the railroads. But now it looks as if they might be ready at last to do something bold about it.

A striking train called the Talgo, which has been in service in Spain for some time, has recently been tested by a busy eastern line. Orders have been placed by this road and another, and a number of other big carriers are keenly interested.

The features of the Talgo are high speed, light weight, low original cost and maintenance. No conventional train can touch it on these counts.

The speed of the lightweight train is the magnet for passengers. What makes it so appealing to the harassed railroaders is its cost. Being of lighter metals and lighter construction generally, its original price is far below that of the existing trains in America.

The Talgo, of course, is not the only lightweight train in the world. The new board chairman of New York Central, Robert R. Young, has talked a good deal about the experimental "Train X," which eventually has strong parallels with the Talgo.

Many modifications of the general idea are possible. Somebody spoke the other day about a train of Fiberglas, with a shell which could be molded in a single piece, thus doing away with riveting and welding.

The important thing is that the railroads are really serious in tackling their passenger problem imaginatively. If they carry through, a new era in railroading may follow. Certainly the lines deserve every encouragement. Their financial soundness is tightly bound up with the economic health and the security of the country.

Other Editorial Comments

MANISTIQUE WILL MISS ED JEWELL (Manistique Pioneer-Tribune)

Manistique is going to miss Ed Jewell. The community is going to miss his hearty good nature, his never failing laugh, his song leading, and the songs he sang with such gusto.

To many of us Ed seemed indestructible. Until his last short illness struck him down he walked the streets and attended meetings with the vibrant energy and jest. He appeared to personify the spirit of eternal youth despite his more than three score years and ten.

If all men could walk the last few miles of life with the indomitable spirit of Ed, life, indeed, would carry happiness and meaning to the end.

The Doctor Says...

Skilled Advice Is Required In Planning Plastic Surgery

By EDWIN P. JORDAN, M. D. — Written for NEA Service

"Can I do anything about having my nose straightened? It was knocked out of shape in a basketball game."

"I have an ugly scar on my cheek from an automobile accident. Can this be fixed by an operation?"

"Our baby boy was born with a small and strange looking left ear. Is it possible to correct this by surgery?"

Such are the typical questions which are asked about the work which can be done in the field of plastic surgery.

THERE ARE an enormous number of things which can happen to the human body, usually at the surface, which interfere with some function or with the appearance. There are burns and deforming accidents in peace as well as in war.

And there are some who are born with deformities which harm the looks and consequently make for self-consciousness, if nothing more. Many of these things, both inborn and acquired, can be corrected wholly or partially by plastic surgery.

This is a field which has advanced particularly during each of the world wars. The reason is obvious, but our surgeons have risen to the challenge, and as a result remarkable reconstructive operations can be done today. Many people have been given practically new ears or noses, for example.

THIS IS NO simple job, however, because it usually involves taking cartilage from a rib and transplanting it (after reshaping it to the desired form) to the proper place.

Then it has to grow a blood supply to keep it alive, and after a time one or more additional operations have to be undertaken to cover the area with skin.

It is an amazing thing, this plastic surgery. When the problem is complicated, as is often the case, enormous patience is called for on the part of patient and surgeon alike.

SOMETIMES A whole series of operations—some of them small ones—over many months or even years have to be carried out before the job is completed as far as is possible.

There are some risks involved of course, but thousands can testify to good results, and some are back living normal lives who would not have dared face their fellow man unless they had been made to look more like the rest of us.

Complicated plastic surgery is not something to enter into lightly either for the patient or the surgeon. The most skilled advice is desirable and beware of those who "promise" too much or "guarantee" results.

Today In Washington

By DAVID LAWRENCE

WASHINGTON — Maybe the French government and the French people will not realize for some time to come what they have truly lost by the debacle in Indo-China.

For one thing they have lost in America some of that wholehearted faith which has prompted the Congress to spend nearly a billion dollars a year to help the French hold out in Indo-China. They may have lost also a reliance by this country on the will of France to fight if the Communist invader marches across Europe. In either case, it's a damaging blow to the prestige of France. For never before has the weakness of the French as an American ally been so dramatically demonstrated, and it cannot but hasten the "agonizing reappraisal" which America will be asked to make now in order to concentrate her money and her manpower on the defense of this country.

It is an open secret that American military men have grown increasingly skeptical about the wisdom of maintaining large American forces in Europe which would be faced with the necessity of an emergency evacuation if some future French cabinet suddenly decided to appease the Communist aggressor, as has just been done with Indo-China.

WILL EDC FAIL?

For several months now the French government has dillydallied with the European Defense Community plan. It is well known that the principal opposition inside France to the continuance of the Laniel cabinet was not its inability to liquidate the Indo-China war but its sponsorship of the EDC plan. Now, with the Indo-China truce a matter of history, the question is whether the cabinet of Mendes-France will dare to go ahead with the ratification of the EDC agreement. The prospect is a doubtful one and, while not rejecting the EDC plan out of hand, an evasive maneuver may be begun to amend the plan. This could amount to the same thing as scuttling it.

The 100 Communists in the French Parliament, plus the left-wing groups there, are bitterly opposed to EDC and with the rising tide of Moscow's prestige—manifested dramatically by her domination of the Indo-China settlement—the real undercover campaign of the Soviet government now will be to try to kill EDC.

If this happens, a movement here to have American forces brought back home can be expected. This would be a tragic alternative because then the Communists would have a free hand in Europe, and West Germany would be sacrificed. There are French officials, therefore, who think that, no matter what they do about EDC, the United States will continue her economic and military aid to France. They may be guessing right on this, though at the same time it is apparent that the drive to get a "new look" on the military side will not be slowed down.

The main criticism of what has happened in Indo-China is coming from Air Force circles, where it is insisted that America is investing too much money on uncertain partners—countries where bases may be lost at any moment. This makes a case for intercontinental bombers and for a stepping up of naval air power as well, so that America's defense against atomic attack will not be dependent on uncertain allies.

DULLES PROVED RIGHT

America has an important air base in Morocco. The Communists are fomenting more trouble there, as they are in Tunisia. The northern borders of Africa are infested with Communist saboteurs who are bent on stirring up friction. The present cabinet in Paris is well aware of the danger of more revolutionary disturbances in Tunisia and Morocco and is inclined to adopt a conciliatory course and to try giving the nationalistic elements some important concessions. These probably will not satisfy them, or at least the Communist mischief-makers will see that they do not end the trouble.

It is ironical to go back now and read how ready some members of Congress were to condemn Secretary Dulles a few weeks ago as responsible for what was happening in Geneva. It is now apparent that the French and British were pulling out. He was well aware that the French planned to scuttle Indo-China. As it turns out, Mr. Dulles was wisely striving to disassociate America from the appeasement plot. He has managed to keep America's moral position free. Hence the United States is in a strong position now to question the good faith of the Communists, who have been claiming they were interested in the fulfillment of the aspirations of the people of the Indo-China states for full independence. Those people now will get the Communist kind of "independence" so well known to the enslaved populations of Poland and Czechoslovakia.

Too-Silent Camp Gordon GI Almost Took Rap For Murder

By DOUGLAS LARSEN

NEA Staff Correspondent

CAMP GORDON, Ga. (NEA) —

Most crooks believe that when you get in a jam with the police, the best way to beat the noose is to keep your mouth shut.

A unique case in the Army Military Police criminal investigation files here concerns Sgt. Martin Jackson, from a western city, who ended up with good grounds to disbelieve this theory. This is the first published account of his full story.

His troubles began about five p. m., Feb. 23, 1951, while taking tea with his Japanese girl friend. His shoes were off, in accepted Japanese custom, and he felt secure in the belief that he was Ichi Ban—No. 1 boy in the household.

This security was rudely shattered, however, when a Puerto Rican soldier rushed in, made a terrible scene, and caused Jackson to exit hastily from the neighborhood, sans shoes.

Back at his barracks, a half-mile away, he told his sad story to five buddies. But instead of laughing at him, as he expected, they jumped up and prepared to go back to the gal's house to challenge the disputed Ichi Ban status with force.

Jackson put on shoes. One grabbed a club. And the six departed with fire in their eyes and liquor on their breaths.

It was dusk. As the fearless sextet approached their destination they met a Puerto Rican soldier named Fernando Ocasio. He was not the one they sought, but Pvt. Jack Dall who had the club didn't care and began laying it on Ocasio while the rest stood and gaped.

A soldier named Cpl. Wally Mitchell approached to investigate but was warned: "Get the hell away unless you want to get shot."

He obeyed. But another Puerto Rican soldier, Rodriguez Francisco, still not the man they sought, was determined to help a countryman in distress. As he moved toward the struggle he received a 45 slug through his stomach and fell dead.

With that the six men raced back to the barracks, suddenly aware that their little escapade had turned into a cold-blooded murder.

Army CI men—Military Police criminal investigators—who moved in thought they had the case licked by the next day. It looked like a cinch that Jackson was their man.

The Japanese gal had turned over the deserted shoes to the CI men. Although the footwear had the name "William Branch" inside they were easily traced to Jackson. That led to the arrest of his five pugnacious buddies, too.

The five buddies actually talked too much, lacing their statements with tall tales. Only Jackson refused to even open his mouth. But a reasonably clear picture of the events emerged. There was one exception: nobody would say who fired the gun.

Next afternoon Jackson seemed really trapped. Mitchell, the GI who had been frightened off by the warning that he'd be shot, picked out Jackson's voice as the one which had delivered the ultimatum.

Prosecutors assured the MPs that they had an airtight case against Jackson. But Major Cleon H. Newton, chief of the detachment, wasn't satisfied. He wanted

THE SHOES HE LEFT BEHIND: Despite a different name, it wasn't hard for the CI men to find the soldier who wore them.

to find Jackson's murder weapon and clinch the case.

He and the other MPs decided to trace the route the men had used fleeing back to the barracks. Doing so they decided that the most likely spot for getting rid of the gun was in an Army Engineer storage yard the men had crossed. Investigators knew they were looking for a .45 Army pistol.

On a hunch the MPs began exploring the yard with mine detectors, a job which seemed almost hopeless because of the tons of machinery and scrap metal there, interfering with the electric devices.

After many hours, however, they came up with a spring from a .45. Tons of metals were moved from the yard so the search could be continued more efficiently.

Officials thought Newton and his MPs were crazy, but the investigators kept up the search with the mine detectors for more than two days.

Meanwhile, Jackson maintained his stony silence. The other five were questioned and their previous statements re-examined. Only club-wielding Dall added a new piece to the puzzle on this go-round. He said he did believe that one of the group had hurriedly buried pieces of the gun in the yard. This spurred the search which finally produced solid results.

All of the parts except the barrel of a 45 were finally picked up. A quick check with the Crime lab revealed that the marks on the empty pin matched those on the firing shell which had been found near the body. This, then, led to a check of gun serial numbers. Jackson still kept mum. But so

MAJ. CLEON NEWTON: HE wasn't satisfied with silence.

certain was everyone that he was guilty, and that the gun would be traced to him, formal murder charges were being prepared. But then the surprise came.

The gun's serial number led to Cpl. Tom Queen, another member of the group, who finally broke down and confessed that he had fired the fatal bullet.

Jackson never did explain his silence. He wasn't covering for Queen because he apparently did not know who the real murderer was.

For his deed, Queen got a 40-year sentence. Jackson is now out of jail for his part. The beaten man recovered, so Dall got a minor sentence. The rest escaped with just a bad scare.

So They Say

I know I'm not through. . . I got two arms and two legs just like the rest of the guys. . . even though mine may be a little rusty. —Phil Cavarretta, once more playing baseball.

The recessionary trend which began last year has been stopped. Economic developments have proven conclusively the error of prophecies of gloom and doom emanating from many quarters only a few weeks ago.—Rep. Jesse P. Wolcott (R., Mich.).

Like all dictatorships, the Soviet system respects might, not right.—West German Chancellor Adenauer.

Witchhunting has been outlawed in our country since birth. We must permit no present-day Cotton Mather to revive it in modern guise.—Gen. William F. Dean.

Senator McCarthy, you have, I think, somewhat of a genius for creating confusion. . . creating a turmoil in the hearts and minds of the country. Army Counsel Joseph Welch.

The American people want no appeasement of Communists. The American people will refuse to support the United Nations if Red China becomes a member.—Senate Minority Leader Lyndon Johnson.

Good Evening...

By CLINT DUNATHAN

INTO THE PAST—Vacationing at Rapid River are Mr. and Mrs. John Acker of Balboa, Panama Canal Zone, a couple with a most interesting hobby. They hunt for prehistoric Indian artifacts—and they find pirate gold!

"We want to meet people of Delta County who are interested in collecting Indian relics," said Mrs. Acker, who is the former Mary Gravelle of Rapid River.

Mr. and Mrs. Acker have spent 13 years in Panama, where he is employed as a machinist, and their hobby of collecting Indian arrowheads, celts, knives other artifacts found a fertile field for exploration.

In digging into Panamanian soil the uncovers objects that mutely told a thrilling story of the past; for among their discoveries were silver Pieces of Eight, an ear ring and a finger ring of gold set with precious stones, and other articles revealing the activities of pirates and the Spanish conquistadores.

THE KING'S ROAD—The Ackers have a rich country in which to conduct a search for antiquaries.

Strategically located on the isthmus separating the Atlantic and Pacific oceans, Panama has been the route of men on missions of trade and conquest for hundreds of years.

The Indians built a trail between the oceans, the Spaniards constructed a road called El Camino Real (The King's Highway) over which great fortunes in gold and silver looted from the Indians were carried across the isthmus on their way to Spain.

"El Camino Real is a good hunting ground for relics," said Acker, showing me a picture of traces of the old road the Ackers have discovered.

Along this road they have found, besides doubloons and rings, several silver crosses—no doubt lost from the hands of missionaries who accompanied the soldiers of Spain on their adventures in the New World.

STRATEGIC LAND—Control Panama and you control the fate of the Americas.

That has been known to leading nations of the world for several hundred years, starting with Spain as early as 1519, when Spain established a colony there, and ending with the construction of the Panama Canal and the control of the Panama Canal Zone by the United States.

From the time Spanish conquerors transported Inca riches of gold, silver, pearls and emeralds in great quantity across the isthmus, to the present flow of ships through the Canal, Panama has played a vital role in the history of America.

For this reason, Communist activity in Central and South American countries is closely watched by the United States. The concern with which this country viewed the recent Communist incident in Guatemala indicates the watchdog attitude of the U. S.

LESS THRILLING—Northern Michigan may be less productive to the Ackers in their collecting hobby—but its climate is certainly superior to that of Panama, particularly at this season.

For that reason they are escaping the humid heat of Panama's Torrid Zone by spending the summer in Delta County. They have a lot on the shore at Maywood which they are improving, and they will also make side trips about the Upper Peninsula.

Should they find a prehistoric Indian village site in the Upper Peninsula, and start looking for relics and arrowheads, their discoveries will be less thrilling than those they have made in Panama.

For the Great Lakes Indians lived in poverty, compared to the gold and pearl-rich Indians of Central and South America. A collector's interest never lags, however, and a few arrowheads from Northern Michigan will be prized as part of their collection.

Mrs. Acker recalls that knives of copper used to be found in the Rapid River area. They have none in their collection—but they want to find one, not buy it.

Some evening before the Ackers leave to return to Panama we hope to spend an evening with them, showing them our collection of Indian relics, and comparing notes.

Incidentally, the Rapid River area is somewhat comparable to the Isthmus of Panama in that it is the shortest route between two inland seas—Lake Superior and Lake Michigan. And in earlier days there was an Indian trail along the Whitefish, with village sites located at each end.

Cover Crop Boosts Yield

Soil Erosion Is Also Controlled

The advantages of an over-winter cover crop of rye has been clearly demonstrated by the fine growth of potatoes on the farm of Girard Van Damme, St. Nicholas farmer.

"I'm really sold on using rye to cover my land that will be used for potatoes the next year. Not only does it protect the soil from blowing or washing but it also gives me a good green manure crop to plow down just before planting potatoes," Van Damme said as he showed the results he had obtained to Irwin Ten Haken of the U. S. Soil Conservation Service.

Last year Van Damme had one of his fields in a crop of grain. Half of his field has somewhat heavier soil while the other part is more sandy. His oat yield was best on the side of the field with the heavier soil. Thinking he would give the sandier soil a boost, Van Damme sowed rye in it early last fall. The remainder of the field was cultivated to keep the weeds down.

Benefit Potato Crop

This spring he plowed under the rye and planted potatoes the following day to obtain full benefit of the moisture that was sealed in with the green rye. At this time the rye had about six inches of growth. No manure was given this part of the field. The other part of the field was planted to potatoes about a week later after receiving about 15 tons of manure to the acre. Both fields had 700 pounds per acre of commercial fertilizer drilled in at the time of planting.

Today the field that had the cover crop has a uniform stand of potatoes that is twice as far advanced in growth than the other part of the field.

"It is obvious what the rye cover crop did in this case," Ten Haken commented. "There has been considerable water erosion on the area that was left bare last winter and Van Damme said there had also been some wind erosion during the winter while the rye area was tied down by the roots."

Ten Haken went on to say that there probably were more factors involved than just the cover crop, such as variety of potatoes, past treatment of the two different soil types including tillage and cropping operations but the cover crop was the more important factor in this case. It was noted that the soil in the part of the field that was left open was more compact whereas the other side that had the green crop plowed under had very good soil structure.

Windbreaks Planted

"The importance of adding organic matter in the form of animal manure and green manure crops cannot be over-emphasized as a means to help increase the productivity and resistance of the soil to erosion," Ten Haken said.

To help combat the erosion problem and develop a soil conservation plan for his farm, Van Damme has asked for assistance from the Delta County Soil Conservation District.

As a cooperator with the district, he has already purchased some pine seedlings and has established two windbreaks on his farm. He has also planted potatoes across the major slope in one of his fields and intends to change direction of cultivation in the field that will be used for potatoes next year.

"I won't have any future potato fields without an overwinter cover crop of rye from now on," is the way Van Damme summed up his feelings about the soil conservation practice of cover crops. "The results speak for themselves."

High Producing Dairy Herd To Be At Chatham Meet

CHATHAM—The registered Holstein dairy herd will be on display at the Farmers' Round-Up program Friday morning, July 30, at the Upper Peninsula Experiment Station at Chatham.

Charles J. Little, U. P. dairy extension specialist, points out that the herd—known to dairymen all over the peninsula—was started in 1912 with a foundation of 11 females purchased in Lower Michigan.

Since 1912, no female animals have been brought into the herd. Proved sires have been used and high-producing cows from within the herd have been bred to develop producers that pay off.

Last year, the herd average was 490.1 pounds of butterfat on a basis of twice-a-day milking.

The herd is tested and accredited annually for both tuberculosis and Bang's disease—brucellosis—as part of an effective disease control. Good management mea-

Pirate Treasure Hunt Yesterday At Club 314

WP—PIRATE TREASURE . . . Ninety-five youngsters ranging from 3 to 13 participated in a treasure hunt Thursday afternoon at Club 314 under the direction of Mrs. Bertha LaChapell. The party was sponsored by the City Recreation Department.

The youngsters made the hats, eye patches and swords earlier in the week in the handicraft classes which are held daily at 9:30 a. m. and 1 p. m.

Joy Peterson was the pirate captain who read the clues as they were found and finally directed the children to the treasure, a chest of candy for all pirates.

A dress-up party will be held Thursday of next week with many contests in store for those participating. All children are invited to attend.

Bonnie Peterson won the weekly award.

Bible Camp Opens At Nesbitt Saturday

CHATHAM — Sunday School pupils of the Evangelical Lutheran church of Eben will leave Saturday for a week at Bible Camp at Lake Nesbitt, near Sidsaw. Mrs. George Levis will be one of the instructors, and Mrs. Pearl Niemi will assist with preparation of meals. Sunday School pupils who will spend the week there are: Carolyn Coponen, Shirley O'Connell, Barbara Pitkamaki, Joel Joki, Joanne Seppi, Wayne Kangas, Barbara Peterson, Kathleen Lintula, Carol Peterson, Betty and Billy Niemi.

The Luther League camp will open July 31 with Luther Leaguers from the Upper Peninsula spending a week in camp. Patty Levis will be counselor. Edith Salmi and Marie Juntunen of the Eben parish will be among the campers.

Surprise Birthday Party — Mrs. Joseph Brissos Jr., was the guest of honor at a surprise birthday party at the Brissos summer home at Au Train Saturday evening, where 25 friends gathered to help her celebrate her birthday. She received a number of gifts and cards. At the close of an evening of fun and entertainment, a smorgasbord was served. Out-of-town guests were Mr. and Mrs. Louis LaFond of Trenary and Mrs. Lena Baum of Escanaba, a sister of Mrs. Brissos.

Church Services Sunday — The Rev. A. L. Maki of Marquette will conduct a service at the National Lutheran Church of Chatham Sunday, July 25, at 7:30 p. m. Student Pastor Glenn Bergamaki of the Skandia summer home will conduct an English service at the Eben Evangelical Lutheran Church at 9 a. m. and the Rev. John Hatula of Marquette will conduct a Finnish service at 2 p. m.

Stephenson

Camp Filled To Capacity — The Outdoor Education Camp at Wells Park is filled to capacity this week. Eighty-three pupils are enjoying outdoor living at the Group Camp. The enrollees this week are from the townships of Harris, Spalding, Nadeau, Daggett, Stephenson, Lake, Mellen and the Evergreen-Birch Creek area.

School Census Increases — The school census for Stephenson township has increased from 481 in 1953 to 496 for this year. The census was taken by Mrs. Clarence Plutachak.

Briefs — Mr. and Mrs. Frank Richard and son Paul of Detroit were guests at the Fred L. Pintal home.

Follow these three rules if you want to prevent heat tints on stainless steel cooking ware. Use only enough heat to cook the food. Do not apply heat to an empty pan. Avoid concentrated heat on a small area.

Women Travelers Major Annoyance To Customs Men

By DOROTHY ROE
Associated Press Women's Editor

Women travelers sometimes cause more headaches among the U. S. customs inspectors than professional smugglers, says Mary Gordon, a decorative young woman who makes a business of issuing feminine travel advice for an airline.

There's the lady who can't find her luggage keys after her bags are all lined up on the customs counter.

Detailed Account — Another gives a blow-by-blow account of how she shopped for each souvenir she's bringing home from Europe for Aunt Tossie, Uncle Herman and the ladies of the Wednesday afternoon bridge club, asking the advice of the weary inspector as to the authenticity of each.

There's the gal who never was very good at packing and has to dump the contents of her bags on the floor in order to locate the articles she wishes to declare.

If you want to be popular with the customs men, as well as smoothing the way for yourself, says Mary, here are a few useful tips:

1. Keep all your foreign purchases in one bag, so they can be checked easily against your declaration.

2. Save the sales slips for all articles to be declared. If the amount on your customs declaration is questioned, you may need them.

Don't Try It — 3. If you exceed the \$200 duty-free allowance accorded overseas travelers every 30 days, don't try to conceal your excess purchases. The customs inspectors know all the tricks, and you'll find it highly embarrassing when they discover an item not listed on your declaration.

4. Don't make a scene if the inspector asks you to open any article of luggage for inspection. That is his job.

5. And for goodness sake, have your luggage keys handy, to avoid that hysterical last-minute search when it's time to open your bags.

Never allow water to stand and evaporate on a waxed floor, or it will leave a spot.

Personals

Mr. and Mrs. James A. Little of Chicago and Miss Doris Leppla of Ashland, Wis., have returned to their homes after visiting their parents Mr. and Mrs. Walter V. Leppla, 909 5th Ave. S.

Miss Rosemary Brazeau, 1003 4th Ave. S., left today for Crystal Falls where she will spend a week with relatives.

Mr. and Mrs. John Lueneburg and family, 423 S. 9th St., left this morning by motor for Monroe, Ore., to visit Mrs. Lueneburg's mother, Mrs. Naomi Ecker.

Mr. and Mrs. Jay Sneed and daughters, Sue Ann and Jaydeen, of San Jose, Calif., and Francis Pryal of Milwaukee are guests at the J. D. Pryal home at 200 N. 14th St. Mrs. Sneed is a daughter of the James Pryals.

Mr. and Mrs. Edward Duchaine, of Chicago, former Escanaba residents, are visiting here for a short time.

Mr. and Mrs. Henry Scheer and sons, Henry Jr., Michael and John, have left for their home in Richmond, Wash., after spending two and a half weeks at the home of Mrs. Scheer's parents, Mr. and Mrs. Ernest Maissoneuve, 203 N. 18th St., and with other relatives and friends in Escanaba, Gladstone, Green Bay and Norway. Mrs. Scheer is the former Lucille Maissoneuve. This was their first visit to Escanaba, their former home, in seven years.

Clarence Ehnerd of Milwaukee is here for a few days' visit with his mother, Mrs. Charles Ehnerd, at the family home, 405 S. 11th St. Mrs. Claude Stewart of Richland Center, Wis., is spending the weekend here as the guest of Mrs. G. W. Traverse, 417 S. 7th St.

Mrs. Harry Moreau and daughter, Judy, 610 N. 18th St., left today for Sharon, Pa., where they will visit with Mrs. Moreau's brother, Dr. Fred Belland, two weeks. Misses Kathy Karihen and Sharon Sedgewick returned today to Champagne, Ill., after visiting at Rock River Beach with the B. L. Braamse family.

Mrs. John Carlson today returned to Chicago after spending the past two weeks at her cabin in Gladstone. She visited many friends while here.

Dick Schram, 1509 Ludington St., left today for Milwaukee where he will visit with his brother and sister-in-law, Mr. and Mrs. Clayton Schram, and attend the Braves-Giants baseball games over the weekend.

er and sister-in-law, Mr. and Mrs. Clayton Schram, and attend the Braves-Giants baseball games over the weekend.

Miss Donna Carlson, 1406 N. 18th St., and Miss Bernice Wolke, a guest at Donna's home the past two weeks, today left for Milwaukee where Donna will visit at the Wolke home several days.

Mrs. Joseph Bergson, 104 N. 10th St., Gladstone, left today for Milwaukee where she will visit for a week and a half at the home of her parents, Mr. and Mrs. Joseph Tuyls.

Mrs. A. J. Johnson, 924 S. 10th St., and Mrs. Oscar Johnson, 1125 Washington Ave., are spending the day at Green Bay.

Salvation Army Annual Picnic Sunday

The Salvation Army will hold its annual picnic Sunday, July 25, at Ludington Park. Families will provide their own basket meals for the picnic lunch at 12:30 p. m. Pop, ice cream and coffee will be furnished. Games will be played during the afternoon.

Births

Mr. and Mrs. Wayne Boucher, 911 S. 13th St., are the parents of a son born today, July 23, at St. Francis Hospital. The baby, whose name is Michael Anthony, weighed 7 pounds and 7 ounces at birth. Mrs. Boucher is the former Donna Gallagher.

A son was born today, July 23, at St. Francis Hospital to Mr. and Mrs. Raymond Maki of Rock Rte. 1. The baby's weight at birth was 8 pounds and 15 ounces. Mrs. Maki was Myrtha Hill before her marriage.

St. Joseph Class Of 1939 Holding Reunion Saturday

Members of St. Joseph's High School class of 1939 will hold their 15-year reunion Saturday, July 24. The reunion will open with a High Mass at 9 a. m. at St. Joseph's Church followed by a breakfast at the Delta Hotel.

The reunion dinner will be served Saturday evening in the Blue Room of Terrace Gardens with an informal program including roll call and reading of class prophecies and excerpts from the final edition of the school paper. Don Trotter will be master of ceremonies. Dancing will follow the program.

Mrs. Kenneth Lewis is general chairman of arrangements with several committees of resident class members assisting her with details.

Social Club

E. R. A. Picnic Sunday — The Equitable Reserve Association will hold its annual picnic at the Charles Priestner cottage, Stonington, Sunday, July 25. Any member desiring information may call the organization's secretary, Mrs. Lillian Embs, 1649.

Isabella Picnic — Plans are complete for the annual picnic to be held by Daughters of Isabella, Trinity Circle 362, Monday, July 26, at 2:30 p. m. at the Gladstone City Park.

During the afternoon, cards and other games will be played. Supper will be served at 5:30 p. m. Each member is asked to provide his own table service. Reservations must be made by Saturday noon either by contacting Mrs. Romeo Thivierge, chairman, at Gladstone 91757 or Mrs. Robert Louis, Gladstone 5601.

Don't buy green pineapples thinking they'll ripen into a sweeter fruit, warns Eleanor Ragon of the foods and nutrition department at Michigan State College. Pineapples do not increase in sweetness after they are harvested.

Jane Parker BREAD
THE QUALITY LOAF MADE BETTER FOR BETTER HEALTH

VISIBLE PROOF

NO DOUBT ABOUT IT!

SAVE UP TO 6¢ A LOAF
1½-LB. LOAF **19c**

*When compared with like quality breads.

NO DOUBT OF NUTRITION

Jane Parker White Bread is ENRICHED for better nutrition, like all modern breads. The complete list of health-giving nutrients, including generous amounts of Sunshine Vitamin D and healthful calcium, proves that penny for penny Jane Parker gives you more vitamins, calcium, iron and protein than any other of America's 10 leading brands!

NO DOUBT OF FRESHNESS

"Squeezing" may fool you because softness is not a true test of freshness. But with Jane Parker Bread there's no need to "squeeze", no need to guess — just look at the date! The date on the wrapper is your guarantee of "proven-fresh" flavor. This is important because when freshness fades, flavor fades.

NO DOUBT OF VALUE

Maybe you don't quibble about pennies when it's quality you want. Fine. But why pay more than you have to? Jane Parker makes no exaggerated claims, uses no secret formula. Its goodness and high nutritional value springs only from the use of fine ingredients, properly blended and baked. Try Jane Parker Bread — double your money back if you don't agree it's your best bread value!

Grey Pays Fine; Put On Probation

Following payment of his \$50 fine and \$5 costs Thursday for driving while under the influence of alcoholic beverages, Harold Grey, 19, Cooks, was released from the Schoolcraft County Jail and placed on one-year probation by Judge Edward J. Doyle in Justice Court.

Grey was arrested by City Patrolman George Danko Sunday evening following a complaint. He was sentenced Monday in Justice Court but failed to pay his fine until Thursday.

He is expected to be the state's main witness in the case of the People vs. Mrs. Betty Conte, due to be heard Tuesday morning at the Court. Grey has testified that Mrs. Conte served him beer Sunday at the Big Spring Tavern. Mrs. Conte is accused of furnishing alcoholic beverages to a minor.

While under probation Grey cannot leave the county without the permission of the court.

In further Court action Thursday, Harry E. Swartzstrom, Manistique, was fined \$2 and \$2 costs for permitting an unlicensed minor to drive his automobile. The minor was apprehended by City Police Wednesday evening following a collision with a wooden power pole on W. Elk St.

Kenneth W. Pennrich, Detroit, paid \$8 and \$2 for excessive speed June 24. He had been apprehended by City Police.

2 Automobiles Collide At City Intersection

Mrs. Elsie Mae Burns failed to stop far enough back for a stop street and hit an automobile driven by Clyde Dixon broadside 12:30 p. m. Thursday at the N. Cedar and E. Elk St. intersection, the police department reported.

Dixon was making a left turn onto Cedar St. when the collision occurred. Mrs. Burns was coming to a stop and damaged Dixon's left-side doors. Her 1953 sedan incurred damages to the left-front headlight.

Dixon, 219 Schoolcraft Ave., was driving a 1941 sedan. Mrs. Burns lives at 512 Delta Ave.

Phone Company Places New Booth At Gulliver

A fourth General Telephone Co. public pay-station was expected to be installed today at the intersection of U. S. Route 2 and Port Inland Rd. in Gulliver.

The booth, the fourth such erected in this area by the company, is all-glass, three - feet square and six and one-half feet high.

Two other stations have been relocated. The one on E. Elk St. was moved Thursday 200-feet north of its pleasant location in order to provide better parking facilities. The other, on Chippewa Ave., was moved closer to the curb.

MANISTIQUE

Briefly Told

Recreation Night—The senior young folks of the Bethel Baptist Church will hold a recreation night at the church Saturday evening.

Hospitalized—Word has been received here that Jimmy Jackson, son of Mr. and Mrs. Clifford Jackson, former Manistique residents, is hospitalized at Geneva, N. Y. He has an infection in his lung. His address is A.3c James L. Jackson US16483026, 3651 B.M.T.S. F. H. 3269, Sampson, Air Force Base, Geneva, N. Y.

Attend Banquet—Mrs. Alvin Nelson, Mrs. Archie Carpenter, Mrs. John Matthews, Mrs. John Kasun, Mrs. Earl LeBrasseur, Mrs. Carl Carlson, Mrs. Fred Gorsche and Mrs. William Males attended the annual business meeting and banquet Tuesday of the Upper Peninsula Women's Golf Association held at Gladstone Golf Club.

Scouts Hit \$950 In Fund Campaign

With only two service organizations heard from, the Girl Scout Fund Drive reported a \$950 total Thursday. The campaign officially closed Saturday but contributions are still being reported.

Saturday the Scouts had collected a total of \$826.50 towards a \$1,000 goal.

SPAWR ARRESTS

State Police Trooper Charles Spawr Thursday arrested Frank Kostelie, Detroit, for improper overtaking and passing on a hill in a no-passing zone. Kostelie, a baker, was apprehended on US-2 in Manistique Township. He must report to Judge Edward J. Doyle in Justice Court by Aug. 12.

Lakers Outscore Mill, Fords Win

Top O' Lake retained its grasp on first-place in the City Softball League Thursday evening by dropping the Paper Mill 10-5 at Central Park. The evening's opening encounter saw Fords dump the National Guard deeper into the second division by winning 5-2.

At Adams hurled a four-hitter, the Guard obtaining their first hit in the sixth as Don Anderson drilled one past third. Two hits in the fourth and two fielder's choices gave the winners their initial pair.

Singles by Adams, Clyde Strasser and Homer Weber, sandwiched around a walk to Fred Lesica, enabled Fords to garner another pair in the sixth. They notched an insurance tally in the seventh off the slants of Warren Wilson.

Guard Runs

Francis Rochefort bounded a triple over Bob Broullire's head in right field to give the Engineers their second marker in the seventh frame. A walk and an overthrow of first tallied the other Guard marker in the third.

Even though Gaylord Swagert knocked a first-frame homer off the slants of Laker pitcher Bob McNamara, the Lakers made five hits good for ten runs.

Lakers Hit

Four big markers came across in the fifth for the Lakers as Francis Lesica and Wally Morin singled, McNamara was passed and Jack Morin hit safely. John Matthews reached base on Herb Calhoun's error and Ray Ranguette scored another with a fly to right.

Eight Mill hits were only enough to produce five runs for losing hurler Jim Gouin. Cliff Lehman, Calhoun and Swagert powdered doubles and Dick Williams tripled in the seventh.

Inland	2	8	6 1/2

VFW To Decide On Final Site

By Saturday evening the Veterans of Foreign Wars will know whether they will be able to hold their Aug. 22 water festival at the Manistique River site allotted to them by the City Council July 12.

If it is impossible to ready the river location for this year's events, the festival will be held at the Arrowhead Inn location on Indian Lake.

Twenty-nine cribs in the river, remnants of logging days, must be cleared to provide enough deep water for powerboats. As of Thursday one had been emptied of rocks by hand after a three-quarter inch cable snapped. Cables were to be tried again today.

The river must be made free of obstructions before the festival can be held. VFW chairman Everett Anderson said.

Thursday roads in and out of the property were bulldozed and completed. Brush had been cleared from a "substantial portion of the riverfront."

Camp Lucas Squad Plays 2 Frays Here

Meeting the Paper Mill at 7 p. m. and Christy's Bar at 8:30 p. m., the Camp Lucas, Sault Ste. Marie Army softball club will play a doubleheader at Central Park Saturday.

The Millers will throw either Jim Gouin or Addie Boyd with Cliff Lambert catching. Ben Chartier or Mason Rhoads will hurl for Christy's while Bob Hussey will be ready for relief. Wilbur Chartier will be behind the plate.

Jim Cody, a former local softball performer, will catch Miller in the first game and Richardson in the second for the invading military. The visitors lead the Soo Softball League.

Inland Defeats IGA, Holds Lead

Topping IGA, 12-10, Inland Lane and Stone retained its hold on the Two-Light Golf League top spot Thursday while C-L stopped the Tigers, 11-8, and Top O' Lake downed Mulloy Sigos, 12-7.

With 77 markers, Inland is closely trailed by C-L's 76 in the standings. Malloy's has 68, the Lakers and Tigers both 62 and IGA a last-place 59. All scores are after eight weeks of competition.

Vern Dufour, Arch Carpenter and A. J. Cayia Jr. won pairs for Inland, beating John Crossley, Barney Johnson and J. L. LeDuc, respectively.

Inland Points

Other Inland markers were obtained as A. J. Cayia Sr. split with Ferd Gorsche, Elwood Taylor tied Russell Watson, W. A. Corson split with William Males, Glen Pawley deadlocked Fred LaBrasseur, I. J. McLaughlin evened with William Phillion and William Hood tied John Girvin.

Aside from the splits, Ossie Smits and Carl Carlson took pairs for IGA. Smits topped Ian McKilligan and Carlson stopped Harold Rogers.

Lakers Score

Amassing Top O' Lake tallies against Mulloy's were William Hentschell with a forfeit over Phil Villemure, Ted Hentschell with the same against Ben Gero, Bill Manning's forfeit victory against Al Fergin and Don Messier's split with John Matthews.

Two points were chalked up by R. G. Hentschell against Carl Makel, Earl LeBrasseur over John Kelly, Andrew Maitland versus Frank Hoholik and Hy Learned against Ed Jackson.

Mulloy's Tally

Bud Malloy, Walter Nelson and Merle Wehner grabbed doubletons for the loser's cause. They stopped Harvey Ekdahl, Neil Reese

and Fred Williams, respectively. C-L's victory was credited to two's by Tom Bolitho, Ernest Eckland, Mauritz Carlson, Carl Malmberg and Ken Van Eyck. E. J. Thompson claimed a forfeit against T. R. Southard.

Tigers Lose

Defeated by the C-L, were Nick Modders, Roger Smith, Omer Schuster, Wilbur Rousee and Jack Orr, respectively.

John Kasun and William Shinar gained Tiger tallies with forfeits over Fred Hahne and William Norton, Leonard Males stopped Maurice Ekberg, Alvin Nelson downed Everett Cookson and Edward Doyle defeated William Cook for the other Tiger points.

Social

Golf and Bridge Club

Thirty-two members and three guests attended the 7 p. m. dinner Wednesday of the Ladies Golf and Bridge Club at the club house. Hostesses were Mrs. Vern Dufour, Mrs. Walter Nelson and Mrs. Glen Pawley.

Prizes were awarded to Mrs. John Matthews and Mrs. Nick Modders in golf; Mrs. Jack Hayden, Pasadena, Calif., guest prize; Mrs. Carl Carlson, special award; and Mrs. William J. Sheehan, Mrs. Elwood Taylor, Mrs. Dell Bruley and Mrs. Helen McClothlin in bridge.

Hostesses for next Wednesday's meeting will be Mrs. McGlothlin, Mrs. Modders and Mrs. Kenneth Van Eyck. Reservations may be made by calling either of the hostesses.

IN MEMORIAM

In loving memory of our dear hus-
band, father, and grandfather, Harry,
who passed away two years ago today,
July 23, 1951.

We cherish the love you so willingly
gave us.
Today we bow silently over your grave.
We whisper a prayer and leave a
bouquet.

We haven't forgotten today is the day.
We miss you, husband and father dear—
Life is so lonely since you're not here.
How we loved you, how your heart,
Sad was the day you had to depart.

Sadly missed by

Mrs. Harry D. Biehler
and Family.

CARD OF THANKS

RECEIVES CHAMPIONSHIP TROPHY — Mrs. Joan McCabe, right, receives the 1934 Upper Peninsula Women's Golf Association tournament championship trophy from Mrs. Alice

Altese, Gladstone, the 1933 champion, Miss Carolyn Johnson, Escanaba Highland runnerup, looks on at the left. (Daily Press Photo)

McCabe Is U.P. Golf Champ

Carolyn Johnson Loses In Championship Match

GLADSTONE—Playing the same brand of golf that had established her as tournament favorite, Mrs. Joan McCabe of the Iron Mountain Pine Grove Club defeated Miss Carolyn Johnson of Escanaba's Highland Club, 5 and 3, to capture the 28th annual Upper Peninsula Women's Golf Association tournament which concluded Thursday on Gladstone's scenic Days River course.

In winning the title, Mrs. McCabe, four times runnerup in the Wisconsin State Women's tournament, had fired two 36's, two under women's par for the course, and Thursday morning in her semi-final match with Mrs. Ruth Needham of the Escanaba Country Club, had a sparkling 35, one under men's par, before her match with Miss Johnson.

To reach the finals, Miss Johnson had come from behind in a match with Mrs. Frances Gabbos, North Shore Club, Menominee, to win 1-up.

Mrs. McCabe's score for the first nine was 41 while Miss Johnson's was 46.

Flight Winners

Marie Wicklander of Escanaba's Highland club won the beaten four of the championship flight 2-up over Millie Johnson of Marquette. Mrs. Wicklander had reached the finals with a 2-up victory over Dorothy Anderson of the Escanaba Country Club while Miss Johnson rallied to win from Dorothy Coulter of Gladstone.

The Championship Consolation was won by Mrs. Jane Empson, 1-up over Sally Johnson. Both are of the Gladstone club. Mrs. Empson reached the finals with a 3-2 victory over Katie Vondersel while Mrs. Johnson had a 2-up win over Millie Boyce of the Escanaba Country Club.

Agnes Erickson of Gladstone was winner of the First Flight after a 20-hole battle with Vicki Beck of Escanaba's Highland. Evelyn Skellenger won the first flight consolation with a 4-3 victory over Tillie Cannon.

Miss Nettie DeVet was winner in the Second Flight over Mrs. Alice D'Amour. Alice Dunsmore was consolation winner in this flight.

In the third flight Mrs. Bernice Burton won by a margin of 3 and 2 over Burt Beaudry. Mrs. Ila Hoffos was the consolation winner. Prizes were awarded following the title match.

A tea at which Mrs. Harris Markham and Mrs. Dwyer Mackin poured concluded the four-day event.

U. P. CHAMP — Mrs. Joan McCabe of the Iron Mountain Pine Grove Golf Club, formerly of Green Bay, is the new U. P. women's golf champion. She shot sensational golf at the Gladstone course to cap the crown. Included in her scores were two 36's and a blistering 35, one under men's par. (Daily Press Photo)

Northland Bread Nips Harnies In 2-1 Battle

A scorching double to center field off the bat of Tom St. Germain chilled John Pieropon's bid for a no-hit victory and set the stage for a thrilling Northland Bread rally that netted a 2-1 victory over Harnischfeger.

Pieropon had handcuffed Northland for six innings. He hadn't given anything even resembling a hit and had allowed only one base runner on a walk to Don Scott in the fifth.

The Harnies were slipping by on a one-run lead and it looked like Northland was doomed to its second single run loss to the Harnischfeger team.

But the no-hitter and the victory vanished in a Northland uprising in the last of the seventh inning. After St. Germain's lead-off double, Tom Dufour dumped a perfect bunt in front of the plate and beat it out, sending St. Germain to third.

Ray Eblip popped up to first for the first out but Angie Hirm slapped a sharp grounder to third base and St. Germain scored easily on the play at the plate. Dufour moved to second base.

Don Scott brought the game to an abrupt end with a hard liner to left-center field that scored Dufour.

Les Kamin twirled the win for the Breads, setting the Harnies down with a four-hitter while whiffing two and walking none. Pieropon fanned two and walked one with his three-hit job.

Lowell LaPlante scored the Harnie run in the fifth inning. He singled, advanced to second and third on a passed ball and scored on another passed ball. Hirm was injured behind the plate and moved to the outfield with Ken Olson coming in to catch before LaPlante scored.

The Merchants took advantage of the situation to move over Harnischfeger into second place by beating Rapid River Bar 16-9 and the Dells took sole possession of first by trimming Paper Mill 12-2.

Rapid threw a scare into the Merchants by making a 6-0 lead in the second inning. Vern Johnson came in to relieve starter Louie Kositzky and the Merchants rallied to tie the score at 7-7 in the fifth.

The Merchants broke loose with nine runs on eight hits in the top of the sixth to grab the win. Mickey Kuchenberg and Ed Gauthier homered and Charley Lundmark tripled for the winners, who had 17 hits off Jack Tackman and Lefty Lake.

Don Paulin tossed the Dells win on a five-hitter and led his mates at the plate with a double and a single. Third baseman Wally Flath also had a pair of hits for the winners and Ron Noel hit safely twice for the losers.

Babe Ruth All-Stars Play Monday Evening At Memorial Field

The Babe Ruth League All-Stars, selected by managers of the six teams in the circuit, will appear in a special exhibition game Monday evening at 6:30 at Memorial Field diamond against the Escanaba Indians.

Players in the Babe Ruth League yesterday began their annual Tag Day drive to raise funds for the tournament trip downstate. The youngsters will complete the drive this evening.

Tags purchased in the drive will nettle fans to attend the All-Star game against the Indians Monday evening without additional charge. An attractive American League softball game will follow the baseball exhibition.

Funds raised by the Tag Day

drive will help finance the Babe Ruth League All-Stars when they leave July 29 for the state tournament to be held this year at Milford.

Escanaba is defending state champion in Babe Ruth tournament play. They will go into tournament action on Friday, July 30, but their opponent is not yet known.

The annual selection of the league's All-Star team was made at a meeting of team managers last night and will be announced Saturday. Selection of players for the squad is made each year on the basis of ability, age and contribution to team and league by the players.

Argentine Giant Beats Earl Walls

VANCOUVER, B. C. —Edgardo Romero, 248 pounds, Argentine boxing champion scored a split 10-round decision over Earl Walls, Canadian titleholder, Thursday night. Walls weighed 193½.

Walls, seventh ranked heavyweight, was 2 to 1 favorite, but Romero continually caught Walls with lefts to the head and body.

Senator Shortstop Handles 13 Chances

WASHINGTON —Jerry Snyder had a busy evening at shortstop for the Senators Thursday night. Snyder handled 13 chances—four putouts and nine assists as the Nats edged Baltimore 3-2.

The American League record for chances accepted by a shortstop is 17, set by Bobby Wallace of the St. Louis Browns in 1902.

Twice Runnerup It was the second time that Miss Johnson had played in the Upper Peninsula Women's tournament and the second time that she finished runnerup. Her first appearance in the tourney was as a 16-year-old.

In winning the title, Mrs. McCabe took the first hole when Carolyn missed an easy short putt. She also took the second by a two-stroke margin, the error on one apparently bothering the youthful Highland Miss. They halved the next three holes and then Mrs. McCabe took the 6th. The next three holes were halved and then Mrs. McCabe took the next three to lead 6-up and 6 to play. Carolyn then rallied and won the next two holes to make it 4-up and 4 to play. On the 15th Carolyn's drive was short while Joan's drive almost reached the green. Carolyn was across the east end of the green with her second shot while Joan's chip was hole-high and Mrs. McCabe won the hole 4-3 and with it the title.

Weekend Softball Menu Has Attractive Games

The weekend softball exhibition slate at Memorial Field diamond offers outstanding local and outside teams in action Saturday and Sunday nights.

The Northland Breads will take on Roosevelt Bar of Ishpeming, recent winner of the Marquette County championship tournament in the feature game Saturday night. Roosevelt Bar will tangle with Paper Mill in the preliminary game.

The Northland will throw either Ken Dufresne or Les Kamin at the Roosevelt Bar. The Dewey Hanson Trophy winners have three hurlers who carried them through the tournament that started with a field of 25 teams from Marquette county.

On Sunday night two of Escanaba's crack American League teams will collide. The Merchants will be looking for revenge against the Dells in a twin bill exhibition.

In two previous meetings the Dells came from behind to nip the Merchants with southpaw Don Paulin throwing Paulin and John Cousineau will be available for

Sunday action. The first game starts at 7:15.

The Merchants will use Louie Kositzky, Leo Lancour and Vern Johnson.

Woman Golf Officers Named At Gladstone

GLADSTONE — Mrs. Rosylin Kaufman and Mrs. Louise Rushon, Marquette, were named chairman and co-chairman of the Upper Peninsula Women's Golf Association at the annual business meeting held during the 28th annual tournament here.

Mildred M. Johnson, Marquette was named chairman of the rules committee for the 1955 tournament. Mrs. Ruth Needham also was named to the rules committee and one member will be appointed from Ishpeming.

AMERICAN ASSOCIATION By The Associated Press

Kansas City 6, Louisville 1 Indianapolis 4, Toledo 2 Charleston 6-5, St. Paul 1-2 Columbus 1-3, Minneapolis 0-2

GLADSTONE RACING FANS—Typical of the crowds that annually watch the gala Gladstone water carnival and motorboat racing program just off the Gladstone yacht harbor is this picture of the large group that saw the 1953 program. Hundreds of residents of this area and surrounding communities in Upper Michigan

and Wisconsin make it a point to "take in" the Gladstone show because it is rated one of the best in the Upper Peninsula Outboard Racing Association. Fifty racing shells and open class boats will compete in Gladstone waters Sunday afternoon beginning at 1 o'clock. (Irving De-Rock Photo)

Water Carnival, Outboard Races, Prams To Highlight Gladstone Program Sunday

Featuring a varied program of water skiing, swimming races and sailing but highlighted by an outstanding motorboat racing slate sponsored by the active Upper Peninsula Outboard Racing Association, the seventh Gladstone Yacht club's water carnival will be held this Sunday afternoon beginning at 1 o'clock.

Fifty entries from several communities in Michigan and Wisconsin will compete in two and two and a half mile races over Gladstone's half mile straightaway course just outside the yacht harbor. All the leading point winners of the 1954 season will be in the field, it was reported.

Thus far, the racers have competed in five association races, the last event being held in Eagle River, Wis., last weekend. The season opens in June and continues through Labor Day weekend.

Prams Will Race

One of the most colorful events on the Gladstone program will be the pram sailing races. Gladstone youngsters have painted and decorated their tricky prams in bizarre and unusual colors and designs in a bid for attention at the water festival this Sunday. Other

events include the queen contest, water skiing exhibitions, swimming races and awarding of door prizes.

Joe Poffenberger is chairman of the Gladstone racing committee. Others on the committee are LeRoy Hamilton, Lewellyn "Wimpy" Mineau, Leo DeRock, Irving DeRock and Gordon Marshall.

Following the Gladstone event, which is a highlight of the 1954 program because of the intense interest in the sport in the Delta county waterfront community, the association will sponsor similar events in Land O' Lakes, Ontonagon, Cheboygan, Manistique, DePere (Wis.) and Newberry.

Chartier Is Leader

High point leaders to date, Poffenberger reported, are John Chartier, of Manistique, "A" utility, 40 points; William Kuethan, Milwaukee, "A" open, 40 points; Ed Tounsiant, Ontonagon, "B" utility, 100; Harvey Shaughency, Ironwood, "B" open, 40; Lee Mantel, Green Bay, "C" utility, 80; Bill Cloon, Ironwood, "D" utility, 110; and Cloon, open, 100 points.

Upper Peninsula communities in the association are Gladstone, Ishpeming, Michigamme, Marquette,

Ironwood, Iron Mountain, Newberry, Wakefield, Cedarville, Houghton, Hancock, Escanaba, Kingsford, Witch Lake, Ontonagon, Iron River and Bessemer.

Wisconsin communities in the association are Manitowoc, Boulder Junction, Eagle River, DePere, Oshkosh, Sheboygan, Hurley, Milwaukee, Green Bay, Antigo, Two Lakes, Neenah, Kewaunee, Waunakee and Madison.

"We know that this year's program will be one of the finest we have presented in recent years," Poffenberger said yesterday. "We will have the best drivers and the fastest boats in the association on our Gladstone program."

FIGHTS LAST NIGHT

By The Associated Press

Vancouver, B. C. — Edgardo Romero, 248, Argentina, outpointed Earl Walls, 193½, Toronto, 10. Birmingham, Ala.—Oscar Pharo, 185, Birmingham, outpointed Billy LeBlanc, 180, New Orleans, 10.

Brooklyn — Rinzi Nocero, 158, Brooklyn, outpointed Angelo Urgitano, 160½, New York, 8.

Liverpool, England. — Pat McAteer, England, knocked out Harry Mino, Belgium, 4 (middleweights, but exact weights not available).

The brown francolin, or partridge, is a common game bird of India and Pakistan. The U. S. Fish and Wildlife Service has received some of these birds for distribution in Arizona.

Unbeaten Esky Cubs Entertain Gladstone

STANDINGS		
Team	W	L
Escanaba	6	0
Stephenson	3	2
Gladstone	3	2
Carney	3	3
Powers	2	4
Bark River	0	5

Results Last Sunday
Escanaba 14, Powers 6
Gladstone 9, Stephenson 7
Carney 6, Bark River 3

The league-leading Esky Cubs will entertain Gladstone in the feature Waubung League game Sunday. The game, scheduled at Gladstone, was shifted to the Escanaba City Diamond because the Gladstone Redskins of the Bay de Noc League are at home this weekend.

Gladstone moved up into a tie for second place with Stephenson last Sunday by besting the Steves 9-7. In a previous game with the Cubs, Gladstone made a firm stand before bowing 4-2.

Sunday's game is a big one for the Cubs. If they win it they will move a step closer to clinching at least a share of the league title, regardless of the outcome of the remaining games. The Cubs have a record of six straight wins in loop competition.

In other Waubung games Sunday, Stephenson will invade Bark River and Carney will be at Powers.

The L&R Sport Shop continues to set the pace in the Babe Ruth League race, adding two wins to the record to lead with a 9-2 season mark.

Saturday the Sport Shop will play Paper Mill in the 3 o'clock game at Memorial Field. Kiwanis and Insurance Association open Saturday's triple bill at 10 a. m. and AFL Unions plays Elks at 1. The Elks took over second place, one game back of Sport Shop in the standings.

It's false economy to repair just the tube. Repair the tire too. Small holes in tires suck up dirt and moisture, cause internal rot, result in serious and sometimes fatal blowouts. Have both tire and tube repaired.

Yankees Are Rising As Mickey Mantle Arrives

By BEN PHILEGAR
Associated Press Sports Writer

One of the prime reasons for the recent rise of the New York Yankees is the blossoming of Mickey Charles Mantle into a big time big leaguer.

The 22-year-old switch hitting center fielder apparently has arrived.

The Yanks tried to jump Mantle from the Class C Western Association into Joe DiMaggio's job in 1951. It didn't quite come off. Mantle had to go down to Kansas City for seasoning.

Shipped Last Year

He came back in 1952 for what would have been a sensational season for any normal rookie. He hit 23 home runs and finished with a .311 average. But Mickey fell off to .295 last season and an old knee injury had the Yanks really worried.

But he's really rolling now. His average of .323 is second high on the club. He leads the league in Yankees in runs scored, triples, hits, runs batted in, total bases and bases on balls.

In the field he ranks with the best. He is good enough on ground balls that he finished at shortstop Thursday when the Yanks ran out of infielders in the first game of their double triumph over the Chicago White Sox.

Mantle Wins Game

Mantle was the batting star in the first game. He drove in the tying run with a righthanded single in the eighth inning and the winning run with a lefthanded home run into left field in the 10th. The score was 4-3. The Yanks coasted home in the second 11-1.

Cleveland also won twice, 6-3 and 5-2 over Boston, and kept its half game first place lead.

Brooklyn climbed a game closer to the New York Giants with an 8-5 victory over Cincinnati while the Giants bowed to Chicago 13-5. New York still holds a six game edge.

In other action Milwaukee edged Philadelphia 3-2 and St. Louis shaded Pittsburgh by the same score in 14 innings in the National League.

Wertz Bat Star

Detroit defeated Philadelphia 9-4 and Washington beat Baltimore 3-2 in the American League.

Two home runs by Vic Wertz helped Bobby Feller post his seventh straight triumph in the first game at Boston. Bob Lemon tamed the Red Sox in the second game.

Brooklyn found a new cause of joy as big Don Newcombe registered his first success in almost a month. He needed pitching help from Jim Hughes and got home

Yankees Shoot For Top Spot

NEW YORK (AP)—Casey Stengel sends his New York Yankees after the American League lead tonight in the first of three games with Cleveland.

The Indians hold a half game edge over the Yankees. They have won five of 11 previous games with the world champions this season.

The Yanks deflated the pennant hopes of the Chicago White Sox by winning a doubleheader Thursday 4-3 in 10 innings and 11-1. This dumped the third place Sox 6½ games behind Cleveland.

The veteran Yankee manager picked Eddie Lopat as his starter tonight. Allie Reynolds will be in the bullpen, and if he escapes work again tonight he'll be the starter Saturday. If he works, Stengel hopes to bring him back as a starter Sunday. Whitey Ford will open whichever game Reynolds doesn't.

Al Lopez, the Cleveland manager, told Boston writers "our pitching is set for the Yankee series starting with Early Wynn." He's picked rookie Don Mossi for the second game and Mike Garcia for Sunday.

Tigers Start Battle For 4th Place In Washington Tonight

WASHINGTON (AP)—While strictly no competition to the Cleveland Indian - New York Yankee first place battle, a side attraction in the American League opens here tonight.

The Detroit Tigers and the Washington Senators start a fight for fourth place in a three - game series.

Both teams kept position overnight—a game and some percentage points apart—as the fourth-place Tigers thrashed the Philadelphia Athletics 9-4 with the help of four home runs. Washington beat Baltimore 3-2.

Homers Set Pace

The Tigers' victory gave them the series with the A's three games to one and also made it necessary for Washington to sweep all three games here in order to remove Detroit from fourth place.

Two-run homers by Jim Delsing and Harvey Kuenn and another pair by Wayne Belardi —his seventh—and Frank Bolling got the Tigers the win Thursday night. Those by Belardi and Bolling came with the bases empty.

Behind the 10-hit Tiger attack, relief pitcher Dick Marlowe came out the winner. He took over from Ray Herbert in the fourth inning and held the Senators scoreless af-

terwards.

For tonight's series opener Manager Fred Hutchinson called on Billy Hoelt (4-10). The Senators are expected to use Chuck Stobbs (4-6).

Take Early Lead

Kuenn's homer with Herbert on base from a single in the third put Detroit ahead 2-1. But a walk, single, Joe DeMaestri's triple and Herbert's wild pitch scored three for Washington in the fourth.

Detroit made it 4-4 on Jim Delsing's single in the fifth after three straight walks by Charley Bishop. In the sixth Belardi hit his homer and Kuenn singled in a run after a walk to Al Kaline and Bolling's single.

Bolling hit his four-bagger in the eighth. Delsing finished off a good

day—3 for 5—by pounding the ball over the right field fence in the ninth after Bill Tuttle had walked.

Sports Roundup

Bill McGowan hit the final note in umpires' futility at speeding up games—during a pitching change in the second game of a doubleheader with the Tigers at the Stadium, he calmly repaired to the cool of the Yankees' dugout with a shrug, "What the h - - - . No use trying to make these guys hustle."

Willie Mays

Know why Roy Cohn, the TV whisperer, is a regular at the Polo Grounds? . . . Pvt. G. David Schine owns one share of stock in the Giants. . . .

Willie Mays, whose "Say He" disc featuring the Kid himself will din the nation's ears, is a great platter fan and carries a portable record player on road trips to keep roomie Monte Irvin awake. . . . When Willie found out he'd get a piece of each record sold, he yipped, "Now, I'm gonna have to take a lot of nickels with me around the league to fill up those juke boxes." . . .

And then there was the player the Yanks sold to the minors who immediately asked for a raise. . . . "How come?" asked the startled new management. . . . "With the Yanks I could sit on the bench. Here I've got to work." . . .

Tony Galento, Abe Simon and Tami Mauriello — three erstwhile heavyweights with a kinship (they were all kayoed by Joe Louis) — came up again as tough guys in "On the Waterfront," a new picture featuring Marlon Brando. . . . Said Galento to us with raised pinky (he's given up rassin' bears), "I like that Brando. He's a tough kid" . . . which must be tops in encomiums. . . .

The Tigers, who aren't complaining, can't understand why Birdie Tebbetts let sinker pitcher George Zuverkrug go from the Reds to Detroit on waivers . . . especially since Birdie had him last year in Indianapolis. . . .

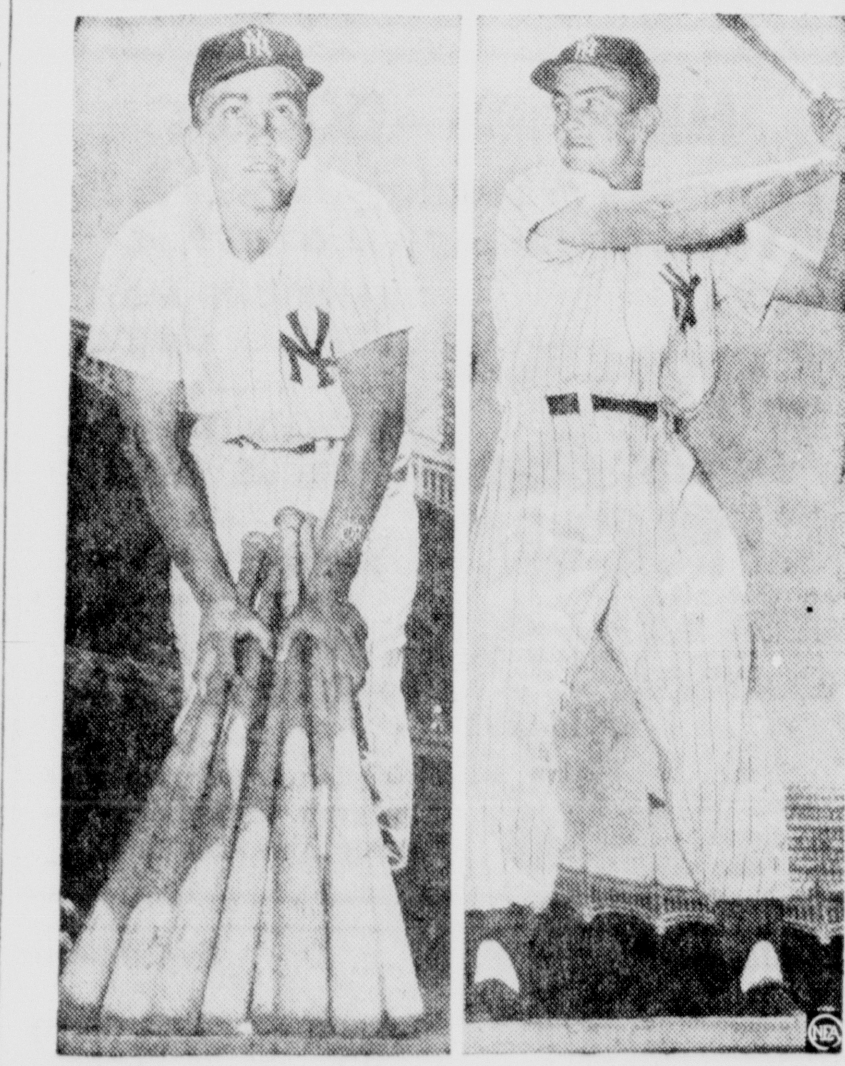

Terry Moore's troubles with Eddie Stanky date from the time The Brat asked his one-time Cardinal coach, "What's wrong with this club?" . . . And Moore answered succinctly, "You!" . . . Stanky, incidentally, is also a peeve of Don Muller because it was Eddie who tagged the Giant outfielder with his undesired nickname of "Squabs." . . .

The 1954 phenomenon of the National League will be John Henry Johnson, a halfback evacuee from Canada who's working out at Menlo Park, Calif., with the San Francisco 49ers. . . . and has Buck Show tinkering with alterations to his T-formation in favor of a stronger running attack. . . .

Comedians looking for writers might get in touch with the Lake-wood, O., cop who pinched an Ohio State football star for intoxication and creating a disturbance (there was a basketball game out-endoors at 4:07 a. m.) . . . "There's no law against that," argued the star. "I've had three years of law in college, and I know." . . . "They must teach that in the fourth year," answered the law. . . .

The Browns weren't too unhappy over trading Chick Jagade to the Chicago Bears because defensive tackles have been spreading the word that if you wrack Jagade up the first time he hits your hole he won't give you any more trouble that day. . . .

Whitey Lockman's a crossword puzzle addict . . . Minnie Minoso is such a frequent target for pitched balls because his exaggerated crouch puts him over the plate. . . . Byron Nelson is thinking seriously of a comeback and making the golf tour next winter. . . . Could Ronnie Knox's transfer from Cal to UCLA kill that national magazine cover made with his sister, who don't umps protect pivot men from those football blocks at second by calling interference once in a while? . . . (NEA Feature)

LUMBERMAN — Irv Noren has a wide choice of bats and picks the right one out to lead American League batters. Coach Bill Dickey told the Yankees' outfielder to hold his hands farther away from his body. (NEA Photo)

Barry Andrews Sets Bat Pace

Barry Andrews broke up a tight pitching duel between Kris Fitzpatrick and Joe Frappier last night when he hit a home run with two men aboard as the Lions Little Leaguers won their 11th game in 13 starts, beating Kiwanis 6-3.

All-Star practice is slated for 2 p. m. Saturday with an exhibition game between All-Stars and 1953 Little League graduates Sunday evening at 6:30 at the Little League diamond.

Batting averages released today showed Barry Andrews again pacing the league with a .522 average.

Players batting 290 or better: Barry Andrews, Lions .522; Dick Stasewich, Kiwanis .420; Phil Davidson, Lions .381.

Dale Demars, Lions .380; Joe E. Frappier, Kiwanis .378; Don Hansen, Rotary .341; Jim Peterson, St. Joe .341; John Wellman, St. Joe .340; Leroy Lancour, St. Joe .340; Denis Hogan, Lions .321; Jim Pinar, Rotary .299; Bob DeGrand, St. Joe .292.

Sport Shorties

Michigan State's Bob Hoke, who has won two Big Ten titles and one N.C.A.A. wrestling championship, was awarded the 1954 Big Ten Medal for proficiency in scholarship and athletics.

The St. Louis Cardinals operate 22 minor league clubs in 15 states and two foreign countries—Canada and Mexico.

The Men's Amateur Golf championship will be held Aug. 23-28 at Grosse Pointe Farms, Mich. Entries for the tourney close July 12.

GLADSTONE

Baseball Tourney Won By Dodgers

The Dodgers won the hardball tournament held this week under supervision of the Recreation department, it is announced by Recreation Director Don Pfoten-hauer.

The Dodgers scored a 9-0 victory over the Royals yesterday to cop the tournament. Previously the Royals had defeated the Wild-cats 10-8, and the Dodgers had walloped the Cubs 14-2.

Hardball league honors this summer had been won by the Dodgers with a record of 9 wins and 4 losses.

Inasmuch as the league and tournament winners are the same there will be no playoff.

Youth Rally On Saturday Night

Rev. Dave Danielson, who is conducting services this week at the First Baptist Church, will speak on "Post Mortem of a Nation" at services being held at 7:30 tonight at the church.

On Saturday evening a Youth For Christ Rally will be held at the church at 7:30 with Rev. Danielson being the principle speaker. His subject for the evening is entitled, "Don't Fool Yourself."

The program will include special musical numbers from Escanaba and Rev. Danielson will play the musical bells and vibraphone. The public is invited to attend.

City Briefs

Mrs. John Mathy will leave Saturday for Menominee where she will enter St. Joseph's Hospital for x-rays.

Mrs. Georgia Bond, Detroit, and Miss Florence McKinstry, Big Rapids, are visiting with their cousin, Mrs. Irene Stewart.

Mr. and Mrs. Maynard Smith and children, Saginaw, are expected to arrive this weekend to vacation visit with his parents, Mr. and Mrs. Earl E. Smith, 1402 Wisconsin Ave.

Miss Louise Klug is visiting with relatives in Kenosha.

C. C. Schuler has arrived from Rapid City, Mich., to spend a few days at his home. He will return to the Lower Peninsula on Tuesday.

Local Pastor To Speak To Boys

Rev. Albert K. Burns, pastor of the Mission Covenant Church, will be the speaker at the junior boys' conference which begins Saturday at Covenant Point Camp on Hagerman Lake near Iron River. The conference will continue for one week, July 24 through July 31, having as its theme, "With Eyes Fixed on Jesus."

Three Gladstone girls, Sheila Buckmaster, Shirley Bergund and Bonnie Malnor attended the intermediate conference at Covenant Point last week.

City Briefs

Mrs. Joseph Mott is able to be up and about after being ill.

Mr. and Mrs. Clarence Habbenger left yesterday to return to their home at Sparta, Wis., after a several days' visit at the home of Mr. and Mrs. John P. Vogt, 1218 Dakota Ave. Mrs. Habbenger is a sister of Mr. Vogt.

Dogs and turkeys were the only domesticated animals in North America when Columbus arrived, says the National Geographic Society.

Verna Valiquette Named As Queen

Miss Verna Valiquette was chosen as Queen over Gladstone's Water Carnival here Sunday by a group of judges at the Gladstone Yacht Club last evening.

Verna, a pretty, fair-complexioned brunette, is 18 and will be a senior at Gladstone High School next fall. She is a daughter of Mr. and Mrs. John V. Valiquette, 417 Michigan Ave.

In the Queen's court will be Pat Allen, Janis Hoffmann, Bonnie Peterson, Noreen Sebeck and Maxine Smith.

Coronation ceremonies will be conducted at the Yacht Club Sunday afternoon about 1:30 shortly before the opening of the Water Carnival events.

Miss Valiquette also will be Gladstone's entry in the Upper Peninsula State Fair Queen contest to be held in August.

Thomas Jefferson cut his own goose quill pens to write the Declaration of Independence says the National Geographic Society.

Shrine Circus Arrives Tonight

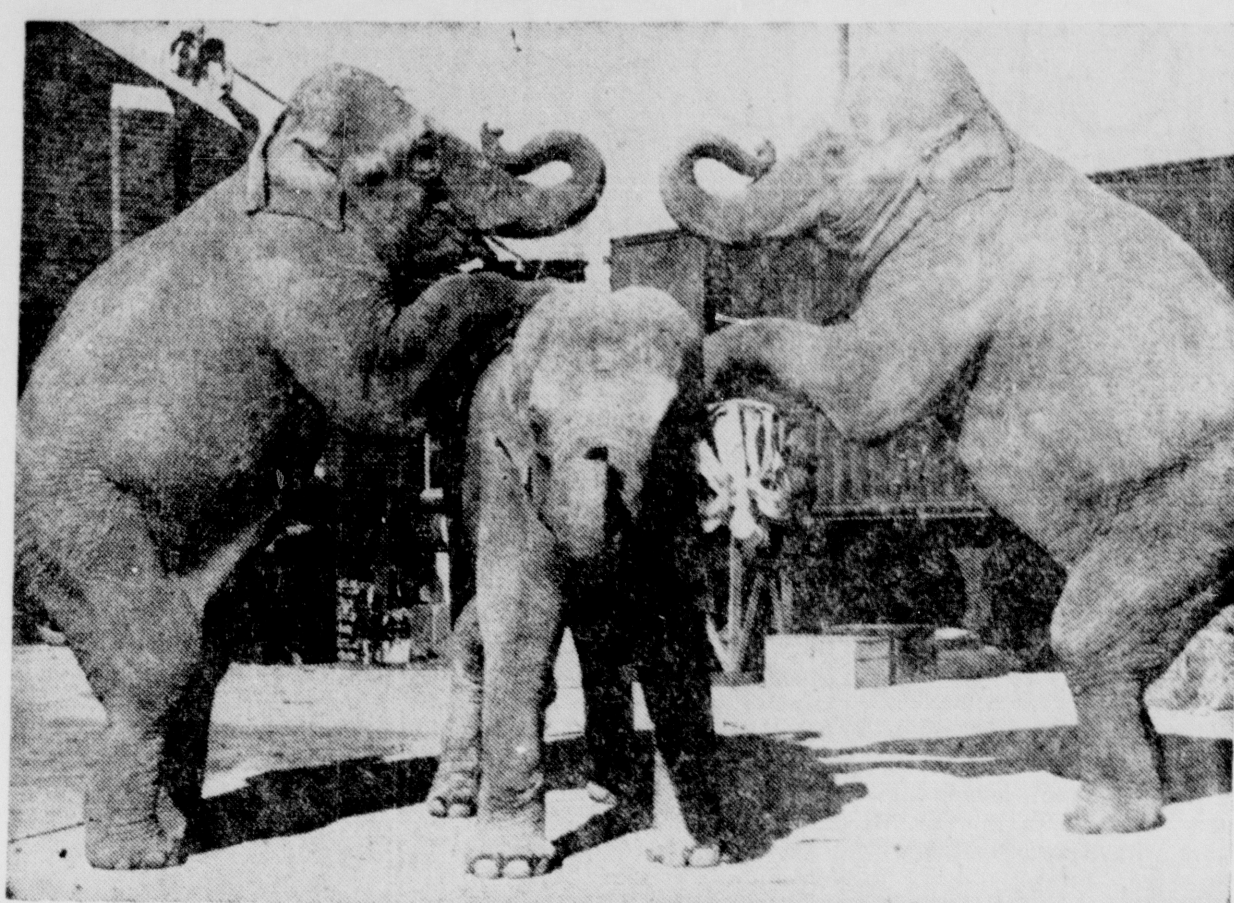

Polack Bros. Shrine Circus will arrive late tonight from Eau Claire, Wis., and will immediately start work at the U. P. State Fairgrounds getting ready for matinee and night shows Saturday and Sunday. Elephants, horses, dogs and performing bears will be unloaded Saturday morning so many youngsters will have a chance to see the famous motion picture Taz-zan elephants on the march to the fairgrounds.

Brought to Escanaba by the Delta Shrine Club, the circus will give its complete two and one-half hour program exactly as it is presented in many metropolitan cities in this country and Canada.

Matinee and night shows will be each day at 2:15 and 8:15 p. m. and reserved seats for all performances are now on sale at Gust Asp's, Escanaba.

Top ranking circus star acts with the show include the Klausner performing bears with Goldilocks, bringing the story book to the circus ring in an exhibition of wild animal training. High overhead the world famous Wallenda troupe of high wire artists will perform.

Poodles Hanneford and his family of clever equestrians, Alfredo Landon from South America and his acrobatic midgits, Poly Urea and sixteen white spitz dogs, and the Karrells on the unsupported ladders are other scheduled acts.

THREE GALS FROM HOLLYWOOD—Queenie, Sally and Happy are the famous M.G.M. motion picture elephants, trained by Pinkie and June Madison for the 1954 tour of the Polack Bros. Shrine Circus. They will be here Saturday and Sunday and will show their skill at the U. P. State Fairgrounds. Matinee and night shows will be given each day at 2:15 and 8:15 p. m.

One Body Recovered Of Couple Lost On Lake Superior Shore

SAULT STE. MARIE, Ont. (AP)—The body of Mrs. Edith Ginther, 38, of Grand Rapids, Mich., was found Wednesday night washed up on the rugged, rocky shore of Lake Superior 15 miles south of Michipicoten River nearly 200 miles north of here.

Mrs. Ginther and her husband, Albert, 47, disappeared July 11 when they took off from Montreal River, 80 miles north of here, on a fishing expedition to Montreal Island, seven miles away. The husband's body has not been found.

Love For Dogs Costs Life Of Detroit Boy

DETROIT (AP)—Little Joey Bednar's love for dogs cost his life today.

The 6-year-old youngster could not have a dog of his own because he was allergic to dog hair, but he still loved the animals.

When a neighbor found a stray dog Wednesday night and locked it in his garage until he could determine who owned it, Joey wanted to make sure the dog did not go hungry. The boy climbed up on an overturned pail and peeked in through an open window to make sure the dog was all right.

The window dropped suddenly, breaking Joey's neck.

Fan Blows Hot

CHICAGO (AP)—There are two sides to a fan, and Mrs. Stella Wojciechowski, 61, says she lives on the wrong side of one.

Mrs. Wojciechowski complained in Police Court Thursday that an air conditioning fan in her next-door-neighbor's window blows hot air into her bedroom "so I'm warmer while he's cooler."

Judge Mason S. Sullivan issued a warrant charging the neighbor, M. A. Kupsik, with disorderly conduct.

St. Joseph's Circle will meet at the home of Mrs. Dave Lancour Tuesday, July 27, at 7:30.

Briefs
Mr. and Mrs. Homer Anderson and family of Marshall, Mich., spent a few days with his brother, Roy Anderson and family.

Mrs. Celina Strasser was dismissed from Schoolcraft Memorial Hospital in Manistique where she had been a patient several weeks and is at the home of her parents, Mr. and Mrs. Albert LaCroix.

Miss Reva Rodgers, daughter of Mr. and Mrs. Jack Rodgers, arrived at her home for a two weeks' vacation from Detroit where she is employed.

Mr. and Mrs. Bill Bowman Jr. of Gulliver are the parents of a son, born at Schoolcraft Memorial Hospital in Manistique Monday, July 19. The baby is the first in the family. Mr. Bowman is the former Betty Heinz.

Mrs. Roy Anderson and Mrs. Peter Olsen will leave Friday for Petoskey where they will enter Little Traverse Hospital Clinic.

Andrew Diro is confined to his home by illness.

Mr. and Mrs. Gene Shaffer and family of Manistique Twp. visited with his brother and family, Mr. and Mrs. John Shaffer, at their home here Monday.

Ed Stites Jr. suffered a sprained ankle while playing ball with the Blaney Cubs at Curtis Sunday.

The Mueller Township Board of Education held a regular meeting at the school Tuesday morning.

Ford Co. 4,000-Acre Proving Ground Goes To Macomb County

DETROIT (AP)—Ford Motor Co. disclosed that land it has been buying in nearby Macomb County will be used for its third proving ground.

The land involved, nearly 4,000 acres, is located in Bruce township, in northwest Macomb County. It is approximately 45 miles from Ford headquarters in suburban Dearborn.

Ford will call the new site the Michigan Proving Ground. It is described as 10 times larger than the present test area in Dearborn, and about the same size as the desert proving ground now under construction near Kingman, Ariz.

Construction work on the Macomb site is slated to start next year. The installation is expected to be in operation by 1956.

At the same time, the Labor Department said no large scale hiring is anticipated before September, although some seasonal increase is expected.

The department based its forecast on a job prospect survey of non-farm employers in the nation's 149 largest labor market areas.

The seasonal increase, it said, is expected to be mainly in the food processing and apparel industries. Radio and television set makers also reported plans to increase hiring.

But job prospects were no so bright in durable goods, with employers forecasting further layoffs in automobile, aircraft, ship building, farm machinery, ordnance and household appliance industries.

Economic Outlook For U.S. Upset By Drought And Heat

By SAM DAWSON
NEW YORK (AP)—Drought and heat over wide areas of the nation are unsettling part of the economic outlook.

Family budgets may be affected. Already some food prices are rising. Others may fall because of the drought's effects. Damage to the cotton crop could work its way in time to higher prices of sheets and shorts and dresses.

Severe crop damage if the drought is prolonged could cut the total that the government will be paying out in price supports.

And farm incomes are already affected in many sections.

Drought and heat damage to the corn and soybean crops have sent prices higher on the commodity exchanges. But this is small comfort to the farmer who sees his money crop shrivelling away—or to the merchant and manufacturer who cater to farm customers.

Rising prices of corn and other feeds may speed up the rush of hogs to the market, already under way as the large pig crop of last spring starts to mature. Even before the drought, government officials were predicting falling pork prices this fall.

If drought and heat continue to sear pasturelands they may drive

a lot of cattle to the stockyards, too. And the cattle population is higher this year.

The American Meat Institute predicts that the total meat supply this year will be 3 per cent higher than last year and set a new record for consumption. So the heat and drought could mean lower meat prices, if a rush to market develops—but the quality of the meat would be less toothsome.

Gruesome Pictures Fill New Michigan Traffic Safety Book

EAST LANSING (AP)—State police are going to see if they can't shock drivers into reducing the toll of the dead and maimed in Michigan highway accidents.

State police cars have been provided with a new booklet called "Death on the Highways." It shows in 18 pages of gruesome pictures the various ways a motorist can die on the highway.

The booklet will be given to drivers who are stopped for violations of the law. The hope is that the shock of seeing the pictures will slow motorists down and make them safer drivers.
